Dollar Day Is Approved by Canyon Citizens

What is the opinion of the Canyon shopper about having a home town Dollar Day? This question was asked a number of ladies during routine shopping hours. Most of the opinions were about the same with some ladies being more enthusiastic than others, while a few refused to give any opinion.

Mrs. Alfred Hamblen asked a question right back by saying, "Why shouldn't we have a Dollar Day in Canyon?" She went on to say that she believes it will be a good way to draw more local trade.

Miss June Wimberly thinks Dollar Day will be a nice thing for Canyon and that it will attract more shoppers.

Mrs. Paul Stice believes Dollar Day will be a nice thing for Canyon and that it will attract more shoppers.

Mrs. Cecil Massey believes that a Canyon Dollar Day will hold a greater percentage of the home folks trade than would be kept in Canyon otherwise.

Mrs. N. A. Croson, who has been in Canyon since 1909, relates that Dollar Day should be a great help to local business and also bring additional prosperity to Canyon.

Peggy Shero thinks Dollar Day will really be a fine thing for Canyon because a Dollar Day will help keep local business at home.

Mrs. Richard Coale believes Dollar Day will be an excellent stimulant for local business.

Mrs. W. W. Sternenberg believes that more business will be attracted to Canyon when Dollar Day values are put in practice.

Former Publisher Gives High Praise to The Canyon News

Mrs. Mark L. Foster was in Spur last week installing Western Union in the office of Mrs. Nora E. Starcher. Mrs. Starcher and her husband were former publishers of the paper at Spur. They sold their business seven years ago, and Mr. Starcher fell dead just outside the bank building after he had deposited the money for the sale of their paper. His wife has been operating an insurance business since that time, and hence the Western Union office in connection with her business.

The point is that while in Spur, Mrs. Foster received a copy of The Canyon News. That is nothing unusual since so many folks while away have the paper sent to them in order to keep up with affairs in the old home town. With Mrs. Starcher it was different. She read the issue with great interest and pronounced it to be one of the best weekly newspapers she had ever seen. She gave Mrs. Foster a check in order to have The Canyon News sent to her regularly. Thanks, Mrs. Starcher.

Which reminds us that up in Oskaloosa, Iowa, there is a prize winning paper which subscribed for The Canyon News for one year, and just renewed the subscription for another year.

We are most grateful to the newspaper folks for their interest in this publication, which we are striving to make a little better with each issue.

Chalma Woods Dies Near Roswell as Result Car Wreck

Chalma Woods, son of the late Mrs. Ethel Woods of Canyon, was killed near Roswell on Monday night of last week in a car-pickup wreck.

Mr. Woods had brought his sister-in-law from California to her home in Carlsbad and was on his way to Canyon to visit relatives. His car side-swiped an old pickup, killing him instantly about 8 miles from Roswell. He was by himself, and no information could be secured as to the cause of the accident.

Mr. Woods was a nephew of Mrs. Ed Mickle of Canyon, E. W. Woods of Slaton and Mrs. R. M. Moore of California. All three were called to Roswell. Mr. Woods accompanied the body back to the family home in California.

At the time of the accident Mr. and Mrs. Robert Moore, and her daughter, Mrs. Eddie Simmons and son of Port Chicago, Calif., were on a visit here with relatives.

Guests in the Marvin Fite home Sunday were Mr. and Mrs. Hugh Fite and daughter, Charlotte. Hugh and Marvin are brothers.

Mr. and Mrs. G. D. Foster and daughter of Colorado City were week-end guests in the J. O. Parker home.

King Is Named Police Chief By City Dads

John King, a veteran peace officer with more than 14 years experience to his credit, is Canyon's new Chief of Police. Enforcing the law is routine with John who worked on the Amarillo police force a quarter of a century ago. The Canyon vacancy was created in May upon the resignation of Charley Oates. King officially took office Saturday morning, August 11.

Except the ten years he spent in Arizona, the veteran peace officer has been living in the vicinity of Canyon since 1912. He was Chief of Police of Tolleson, Arizona, for 1½ years. In Maricopa County of Arizona, the county in which Phoenix is located, he was a constable for six years.

The tall, huskily built peace officer has a firm handshake, a ready smile and all the appearance of a man who holds to his decisions in a firm manner of sincerity.

Summerfield Man Drowns in Buffalo Lake—Motor Stalls

Clarence Beckman, Randall County Commissioner who lives near Umbarger, was called to serve as a coroner in the drowning of Paul Lance Saturday night or early Sunday morning in Buffalo Lake.

The body of Paul Lance was recovered Sunday morning only a few feet from where he fell out of a motor boat about 9:15 Saturday evening. Paul Lance, the son of Mr. and Mrs. Earl Lance, Sr., of Summerfield, had been pleasure riding in a motor boat with his cousin, Eugene R. Clark. When the motor died, Clark attempted to start it again when he heard a splash. Clark related that he looked up to find Lance missing from the boat. Then upon getting the motor started he reported the accident. It was about 4:45 Sunday morning when the body of Paul Lance was found. More than 100 persons from Randall and Potter counties had taken part in the search.

The tragedy was the second in less than a month for the Lance family. At the time of the drowning the family of Paul was in Dallas at the bedside of a younger son who has been unconscious since his fall from a tree on July 17th at the family home near Summerfield.

By Monday afternoon no papers had been signed but the unanimous decision of the coroners appeared to be, accidental death by drowning.

Bus Service to Palo Duro Park Starts August 24

Regular bus service over the National-Panhandle Trailways will begin to Palo Duro Canyon State Park from Amarillo and from Canyon with a gala opening run August 24.

Large sightseeing busses will operate twice daily from Amarillo to Palo Duro Park and from Canyon to Palo Duro Park and return. Ample time is provided on the schedule for visiting points of interest in the park and at the Panhandle-Plains Historical Society museum in Canyon. El Coronado Lodge at the park is open the year round. The museum at Canyon is also open every day.

The bus leaves Amarillo at 9:30 a. m. Arrives at Canyon at 9:55 a. m. and leaves from Canyon at 10:15 a. m. arriving at the park at 10:40 a. m. The bus will drive the more than seven miles of scenic park road stopping at El Coronado Lodge and at the entrance gate. The return trip for the morning bus will leave the park at 12:30 o'clock, arrive in Canyon at 12:50 o'clock; leave Canyon at 1:30 p. m. and arrive in Amarillo at 2 o'clock. The afternoon bus will leave Amarillo at 5:45 o'clock returning at 9:30 o'clock in the evening.

The round trip fare from Amarillo will be $1.80 plus tax. The round trip fare from Canyon will be 90 cents plus tax. The park admission fee for bus passengers is 30 cents for adults, 15 cents for children.

TO MOVE TO CANYON

Mrs. James H. Scott of Fort Riley, Kansas, writes that she will become a citizen of Canyon on Sept. 1st. Her husband, M-Sgt. James H. Scott, has been ordered to report for overseas duty. Mrs. Scott and her four sons will move to Canyon. She is the daughter of Mr. and Mrs. Guy Tabor of Wichita Falls. Mr. Tabor is a civilian instructor in the Air Force and has been ordered to move to Amarillo soon.

Mrs. W. M. Thompson was called to Plainview last week. Her mother Mrs. M. S. Hayden fell and broke her hip. Mrs. Thompson returned home Sunday. Her mother is resting very well.

Sunset Music in Palo Duro Adds Attraction

Palo Duro Sunset Recorded concerts will be staged in Palo Duro State Park each evening from August 15 through September 16, according to park officials. The concerts, broadcast from 1,000 feet below El Coronado lodge, will open one-half hour before sunset and close one-half hour after sunset. This time of day shows the world's most colorful Canyon at its best and seems to be a favorite time for so many who want to see the colors from the rim.

Due to public demand following the highly successful Christmas holiday programs last year Malcolm Clack of the Clack Radio Service has been secured to stage the Sunset concerts. Mr. Clack is tape recording old and familiar music of the sacred and soft western variety to be broadcast from several speakers in the Canyon. People may park their cars anywhere within a half mile radius of the lodge and hear the unusual sound effects as they watch the pastel shades change their hues with each minute as the sun kisses a lingering farewell to the day.

Incomparable sound effects echo and reberverate through the Canyons or roll in great encircling waves as summer thermals carry the lyrics heavenward. Echoes may be heard rolling back from many directions and they linger as long as ten seconds after the music stops. Some of the speakers pitch the sound over a mesa, and into other canyons. During the Christmas season the programs were heard as far as four miles down the Canyon. The usual park admission fee is the only charge made for the Sunset Concerts.

Coopers Opening New Grocery Store

Clay Cooper of Canyon and Neil Cooper of McLean are in Tucumcari this week assisting their brother, John Cooper, in the opening of his new store.

The store is one of the largest in that town and offers a splendid opportunity for the boys to do business in the future.

A. Schoenenberger Received Garb of Benedictine Novice

Miss Annie Schoenenberger, daughter of Mr. and Mrs. John Schoenenberger of Canyon, has received the garb of a Benedictine novice at St. Scholastic's convent in Fort Smith, Arkansas.

She has taken the name of Sister Mary Juliana. The order is said to be more than 1400 years old.

Thurston Will Hold Series of Meetings

Rev. Herschel Thurston will start a series of meetings at the Methodist Church in Silverton Friday night. He will return in a week.

Chaplain Son of the Amarillo Air Force will speak Sunday morning, and Mrs. M. S. Frieze will conduct the services Sunday night.

Mr. and Mrs. Jack Stafford and boys, and Mr. J. B. Stafford, father of Jack of Silverton, visited the Marvin Kinneys and Mr. D. B. Leach Sunday.

Mr. and Mrs. Fred Jennings, Jr. and children spent the week-end in Prescott and Phoenix, Arizona, visiting friends there.

Mr. and Mrs. Waydon Fain and children of Bellaire, Texas, are visiting their parents here. Mrs. Fain will be remembered as Frances Gill.

Special Luncheon For Dollar Day Merchants Mon.

A luncheon will be held Monday evening at 6:30 o'clock at the blue room of the College Cafeteria of representatives of the 54 firms who have agreed to participate in the Dollar Day campaign.

Cecil Massey states that the Chamber will pay for the luncheon which will be the kick-off event for the Dollar Day which will start next month.

"The Chamber has sponsored Dollar Day on request of Canyon business men because we believe that it will be a fine event for the community," states Mr. Massey, secretary of the Chamber. All details for this event will be outlined at this meeting.

Cantrell Gets Release on Tax Matters Monday

Sheriff M. E. Cantrell has received a complete settlement for the term of office which he served as Tax Assessor and Collector of Randall County. All members of the Commissioners' Court signed a joint statement Monday that Mr. Cantrell's record had been passed by the auditor, and the State Comptroller, which office checks all records of the tax collector each year.

During his term of office Mr. Cantrell maintained a splendid record with the State and County in the collection of taxes and in his reports to both the county and state.

Cantrell was elected Sheriff of Randall county last year and thereby relieved of the responsibility of collecting the taxes of the county. Bill Money was elected to the office and has been in charge of this work since the first of January.

Thomas J. Pruitt Died Suddenly Mangum, Okla.

Thomas J. Pruitt passed away suddenly after a stroke Thursday night in Mangum, Oklahoma. Funeral services were held Sunday afternoon at three o'clock in the Funeral Home with burial there. He was the father of C. A. Pruitt.

Burglaries Are Increase - - Ask Property Listed

Sheriff M. E. Cantrell says that he needs help in tracking down thefts in the homes of Randall county. These burglaries are on the increase and no one knows who will be hit next by the gang of thieves.

Mr. Cantrell suggests that each home owner make a list of their property, with the serial numbers of each gun, radio, and other articles which are usually stolen by thieves. By quick reference to these numbers it would be possible for him to find stolen articles.

It has been suggested that a uniform card be printed for all home owners, and that articles be listed and filed with the Sheriff's office.

Lovelace Infant Died Monday Morning

The infant son of Mr. and Mrs. Cal Lovelace died Tuesday morning at an Amarillo hospital.

The funeral was held Tuesday morning at the Griggs - Warren Funeral Home in Canyon, conducted by Rev. Herschel Thurston. Internment was in Dreamland Cemetery.

Mr. and Mrs. Carl Foster, Mr. and Mrs. Robert W. Foster of Amarillo and Mr. and Mrs. Jack Foster of Wayside were Sunday evening dinner guests in the J. O. Parker backyard.

Mr. and Mrs. Art Roberts, Miss Edith Wilson of Mt. Pleasant, Mr. and Mrs. L. B. Penick of Tulia, vacationed the past week in Gunnison, Colorado.

Mr. and Mrs. T. A. Wiggins of Ft. Worth, Mrs. P. E. Hopper of Dallas are visiting in the E. C. Penick home.

Mr. and Mrs. Ralph Ruthart and family have returned after a four weeks visit with relatives in Canada, Washington, Oregon and California.

Mrs. R. L. Coston of Dumas spent the week-end with her daughter and son-in-law, Mr. and Mrs. Charles Hillier.

Pfc. H. C. B. Dawson, son of Mr. and Mrs. Clay Dawson has arrived in Newfoundland where he will be stationed for sometime.

Mr. and Mrs. J. C. Newton have returned from Portales where they have been visiting his parents, also vacationing in Ruidoso.

Finale of 1951 Canyon Community Recreation Program

Supervised recreation for the youngsters of Canyon came to an official end for the 1951 season Friday, August 10. The top picture shows the four lucky trophy winners. Left to right, they are: Roy Hunter, Dorothy Cleavinger, Cecil Pitt and Joe Dickerson. The lower picture is the final treat of the season, luscious watermelon served by Coach Floyd Murry.

Approximately 100 children turned out for the final summer contests capped off by a watermelon feast sponsored by the Canyon Community Recreational Program. All summer the youngsters had been participating in sports events and piling up points. Friday's contests ended the summer-long tournament and determined the four winners of the trophies awarded by the department of recreation.

The final tournament was held at the High School Playground. The tournament began Friday, August 10, with contests consisting of table tennis, washer pitching, croquet, badminton, volleyball, bicycle races for both boys and girls, sack races for both boys and girls, three legged races for both boys and girls and an egg throwing contest for both boys and girls. After working through all the contests the youngsters enthusiastically lined up for the delicious treat of luscious red watermelon.

Points toward this final event had been collected during the summer by Arthur Lee Pruett, Cecil Pitt, James Paul, Roy Hunter, Dorothy Cleavinger, Jo Ann Mickey and Bill Pond.

Donnie Ford, Mack Boswell, Ronnie Ratliff, David Miller, Doy Hammett, Towarne Gillham, Jimmy Reed, Glenn Ray and Richard Busteed had also been collecting points during the active summer season.

During the summer time preliminary contests point were also picked up by Joe Dickerson, Johnett Prichard, Norris Samuelson, Weldon Prichard, Glenn Devin and Alfred Funston.

Other summer time contestants to win points were Bobby Hardaway, James Paul and Truman Laughery.

The contests were divided into junior and senior divisions. The senior, or large boys, competing among themselves for the final winner. The junior, or small boys, competing among themselves for the top point collector. The senior, or large girls, competing for top honors and the final class, junior or small girls vieing for high points.

Dorothy Cleavinger walked off with top honors among the large girls. In the small girl's classification there were no contestants and so this trophy went to Roy Hunter, another high point small boy. In the regular small boy bracket Cecil Pitt won the trophy and the award to the large boy went to Joe Dickerson.

Officials at the final tournament were: Beverly Beck, a senior student at West Texas State College, Mrs. Heil, a Tulia school teacher, Leatrice West, the physical education teacher of Wellington, Floyd Murry, Canyon High School coach and Jim McCleary, another West Texas State College student. The entire program was under the direction of Cecil Massey.

Thus the summer games and contests of the Canyon Community Recreational Program came to a close for 1951.

Mr. and Mrs. H. P. Campbell, Mr. and Mrs. B. J. Bumgarner visited their daughter and sister and family, Mr. and Mrs. Bob Hogue, Bobby and Jennie of Indianapolis, Indiana, for two weeks.

Mr. and Mrs. W. C. Duckett and family of Byars, Texas, visited Wednesday, Thursday, and Friday in the J. B. Hager home.

Mrs. W. D. Williams is visiting her daughter, Mrs. T. L. Cooley of Fort Worth.

New Professor Named to Take Sociology Work

T. V. Crounse and family were here for the week-end from Stephenville looking for a location for the opening of the college.

Mr. Crounse will be assistant Professor of Sociology, taking over the work which will be vacated on August 31 by J. L. Duflot, who has reached retirement age.

Mr. Crounse has a Masters Degree from the University of Colorado, and has done work toward his Ph. D. degree.

R. O. Allison Was Found Dead at His Apartment Monday

R. O. Allison, 72, was found dead Monday afternoon in his apartment in South Amarillo. He was partially clothed, indicating that his death was sudden. He had been in Canyon Saturday and was in apparent good health.

Mr. Allison had farmed west of Canyon for 25 years before he moved to Amarillo. He was a member of the school board for a number of years, and always took an active interest in politics.

He is survived by one son, E. C. Allison, of Amarillo; and one grandson, James; a brother, who lives in Arkansas.

Stork Specials

A baby boy was born to Mr. and Mrs. W. G. Hart August 8.

Mr. and Mrs. Gerald Glen are the parents of a baby boy born August 8.

On August 9, a baby girl was born to Mr. and Mrs. Benny Lippold.

Mr. and Mrs. M. G. Martin are the parents of a baby girl born August 10.

A baby girl was born to Mr. and Mrs. Earl Cosby on August 11.

Mr. and Mrs. R. J. Gerber are the parents of a baby girl born August 11.

Canyon Gets an Inch of Rain During Friday

Canyon received one inch of rain Friday. The amount of moisture has varied in different parts of the county, with most of the east and southeast section receiving less rain than the other sections.

Cooler weather has resulted from this moisture, which has been a great blessing to the residents of the Plains.

The rain will save most of the row crop which was in great need of moisture.

Week-end guests in the W. G. Boston home were their son and family, Mr. and Mrs. John Boston and son, Jimmie of Roscoe. Mr. and Mrs. Boston are both teachers in the Roscoe schools.

Mr. and Mrs. Ralph Miller of Abilene, Mrs. Martin L. Hay and son of Houston visited in the T. E. Beard home.

The A. M. Cunninghams visited in the home of his parents, Mr. and Mrs. Jack Powell of Seminole.

Special Vote on Road, Bridge to Come August 25

Part of the business on the agenda for the regular session of Canyon's Commissioners' Court Monday was the special election concerning the new Ad Valorem Tax on August 25. The name implies that an additional tax is to be placed upon the people and this is the misleading part. The taxes will not be increased over last year's and the preceding years. You'll be voting to channel the tax back into the area for local use instead of sending it into a general fund to be used by the state of Texas.

As a general rule, any program concerning taxes, is met with a wave of disapproval from the voters. The thought of new taxes automatically brings to mind the many taxes that are already being paid, the rise in valuation and the squabble of who pays more tax plus who receives benefit from the tax money. These points are automatically ruled out in this special election.

During the session of the Commissioners' Court, Pat Baber brought out the point of improving farm-to-market and lateral roads and linking some of the more important ones together. This is a suggestion to be worked on if the special election favors using the tax money for local improvement. Mr. Baber pointed out that there has long been a great need for this sort of improvement among farm-to-market and lateral roads and other members agreed.

Voting places for the special election will be: 1. Canyon City Hall, with J. W. Shook acting as presiding judge; No. 2. Jowell School, J. J. Levitt; No. 3. Office - Randall County Grain & Supply Company (Ralph Switch) Conway Kuykendall; No. 4. Fairview School, E. W. Schaeffer; No. 5. Granary - Donald Ladehoff Farm, Lynn Bennet; No. 6. Hollywood Service Station, H. W. Burrus; No. 7. Highland School, George E. Mason; No. 8. Umbarger School, W. P. Janssen; and No. 9. Alice Landergin School, with W. Perry Powell acting as presiding judge.

Barney's Cash Food Store Reopened at Claude Saturday

Mr. and Mrs. "Barney" Barnard returned to Claude last week where they reopened their cash grocery on Saturday.

Mrs. Barnard is a daughter of Mr. and Mrs. Alfred Bellah. They were recalled from Claude while Robert Bellah was away for military service, and the store was closed.

Now that Robert has received a discharge from the National Guard, they have returned to reopen their business in Claude.

ANNOUNCEMENT

The Randall County Singers will meet at the Assembly of God Church, located one block west from S. W. corner of square, August 19 at 2:00 o'clock.

Build, Buy, Live in Canyon!

EDITORIAL COMMENTS

The Suckers Lose! Yes, Both the Gamblers and Their Victims

The suckers always lose!

This slogan has become about as common as the one about fast driving, and is about as generally ignored. Perhaps the two evils should not be linked together, but all sensible people realize that when they take chances on the highway they are taking a gamble with their lives; the lives of other people; their own cars, as well as cars of other people.

Just why we have so much gambling is hard to understand. Everyone knows full well that the gambler will lose. He has no chance against the crook who makes his living by cheating the suckers. Yet we have well known gamblers in all of the larger cities. Even the smaller towns of this nation have men who are charged as being the local gamblers, and make their living off of the suckers who are willing to play the games of the expert crooks.

We often wonder why!

Why will men take their hard earned cash and turn it over to a bunch of cheats? The victims know in advance that they will be skinned at the game by the crooks in which they are supposed to be experts.

The life of the gambler is likewise uncertain. During the past few days the gangsters have wiped out several notorious gamblers. During their lives they contributed nothing to the uplift of society; and in their deaths society lost nothing but a bunch of worthless humanity.

The gamblers may have won in their rackets, but they lost in their deaths.

We Have Not Use for Hell Raisers in American Politics

The Canyon News has never had much time for the professional hell raisers in our public life. We have always been suspicious of the fellow who points his finger at his neighbor, accusing him without proper evidence of being disloyal to his country; or of just being a petty crook in general.

During the time that he served in Congress Martin Dies was that kind of a fellow. He accused everyone who disagreed with him of being a communist. Now he is traveling over Texas preaching hate against the name of former President Roosevelt, whom he charges with falling into the commie trap.

A counterpart of Dies is Senator Joe McCarthy in the Senate. McCarthy attempted to pull a fast one on the newspapers last week making every daily in the nation liable for damages. The daily press is not so dumb as to fall for his scheme. It was simply a little plan devised by McCarthy to throw the weight of the publications back of his attack upon public officials.

While most Americans will agree that things are pretty rotten in certain spots up Washington way, they resent the blanket charge of McCarthy against officialdom in the government. There are more honest and honorable men in Washington than crooks.

West Point Scandal Is Part of the Great American Tragedy

Americans received another shock during the past week over the situation in West Point. We are so accustomed to shocks that another one will not count for much.

The situation seems to be simply this: Everyone knows that a football coach who does not produce a winning team is dubbed a failure, and is kicked out. That is the American way. We must win!

Therefore the coach at West Point went after men. They were induced to come to West Point, and given every courtesy that the rules would permit. While it is a jolt upon America and a black eye to the 90 men who were caught cheating, we cannot have it in our hearts to criticise these men too severely in view of the fact that they are victims of a vicious system.

On the other hand, what about the vast number of cadets who have not cheated, and who have won honors by hard work? This group resents the soft attitude of the public which would forgive the past sins of the 90 men who have cheated, and admitted that they have cheated.

With all of the good football teams in the nation, why should the American government be called upon to support, by taxation, football in these schools which train men for military action? There is certainly enough hard work connected with the army and navy to forego the pleasure of seeing football players in action.

Political campaigns may be bad but without them there would be no free elections without which we would have dictatorship.

There is no use to be under the delusion that our next war will be won without human casualties and too many of them.

Who can remember the old days when men insisted upon personal fisticuffs to settle religious, political and economic issues?

Report on the National Security cases, according to the F. B. I. now surpass those of World War II years.

People who stand outside the church and criticize those on the inside have very little to do.

You can never tell, from the way a woman smiles at you, what she is thinking of you.

Hint to Adults: Kind words to children pay dividends for many years.

Life's Little Lesson: The more money you get the more money you need.

There were many wise men in earlier days but who reads what they wrote?

People who get tired and continually postpone their work have weak minds.

Maybe we would have less politics if office-holders could only serve one term.

Expect little and you will rarely be disappointed.

Homer Garrison Is Wrong in Campaign Against Insurance

It is said that Homer Garrison, head of the Department of Safety in Texas, is all hot and bothered because a few insurance agencies have been advertising for automobile liability insurance. Garrison says that he is going to appeal to the public to ignore this information since the new law does not become effective until January 1, 1952, or 4½ months hence.

Personally we believe that this position is a very silly one for Garrison to take. We have read a large number of the advertisements to warn people to get ready for the new law, and each one has definitely stated that the law will not be effective until January 1.

Supposing that Mr. Garrison is right, and there is no need for insurance at the present time, what then?

All right, if you have a car wreck and kill some one or do great damage in the wreck, you are liable under the present laws. The person damaged can sue you for everything you have unless you are properly protected by insurance.

The new law requires that you either have liability insurance to cover damages, or have property valued in the amount of $15,000 to pay these damages. It is the safe thing to carry insurance, as most common sense persons have long ago found out.

Then why should Garrison become so hot under the collar because the legislature is trying to protect the people of Texas? Does he not want to see the users of the highways protected NOW as well as after the first of January?

We see that there are some crazy fools who still think that the legislature was wrong in depriving the people of Texas of the privilege of using the highways when they are unable to dig up the price of insurance. It is usually this class which causes the car wrecks.

County Needs More Money for the Road and Bridge Fund

A special election will be held in Randall county on August 25 for the purpose of determining whether or not 30 cents on the $100 valuation will be transferred from the state to the county road and bridge fund.

This kind of an election has been held in more than 50 counties of Texas since the first of January and the elections have carried in all counties.

The people of Texas authorized the legislature to discontinue the collection of the ad valorem tax in Texas, effective this year. At the same time it provided that the people of any county could transfer this tax to the local road and bridge fund.

This year has certainly seen the necessity of more money for this fund in Randall county. The big floods have ruined many stretches of road, including an expensive bridge at the Six Mile Crossing.

This election is one in which the voters will not pay more taxes if the transfer is approved. They will be paying the same amount of taxes, but will be spending the money in Randall county rather than sending it to Austin.

The county needs this money for the roads and bridges of the county. There is only one way to secure better roads and bridges and that is for the people of Randall county to pay the bill.

We hope every farmer and land owner in Randall county will get busy and see to it that there is a large vote of approval in order to secure more money for these needed improvements.

University Amendment Is Being Considered For Its Safety

Before you lay aside this issue of *The Canyon News* read carefully the constitutional amendments which will be voted upon in November. Read especially the one which relates to broadening the powers of the University of Texas Board of Regents, allowing this board to invest its oil funds in stocks of corporations.

It is true that government bonds and other guilt edge bonds have declined in interest returns to the point that the regents would like to improve the university's revenues.

Any investment these days seems to be a pretty sound investment. Only the most hopeful are inclined to believe that these conditions will continue long in the future, especially if peace should be won and the nation should get back to a normal economy.

For this reason friends of the university are fearful that in years to come some Board of Regents might become over enthusiastic or indescrete in the investment of university funds in the stocks of uncertain companies. It is pointed out that during the '30's many eastern universities lost heavily when the values of common stocks declined, and earnings were wiped out.

So far this reaction is the only opposition which has developed to the constitutional amendments.

Going to religious services is fine but living a life that expresses religious conviction is better.

Then there was a man who stopped making money because he didn't want to pay more taxes.

This is a good period in which to pay debts or save money—you won't lose in either case.

If you have an idea, try writing it out and you will understand why the editor gets paid.

Mental phobias can become mass hysterias with resulting injury to innocent persons.

Franco needs cash and consequently Franco is talking about reform in Spain.

The first sign of intelligence is to appreciate those who do not agree with you.

If Mr. Truman decides not to run for the presidency he will fool a lot of people.

You may have an idea but nobody is interested in hearing you shout about it.

National defense seems to be like other things—the price continually goes up.

We think well of summer weather but, just now, we have had enough of it.

QUICK WORK

A film star who married rather often found it expedient to get a divorce in a hurry. Her lawyer suggested Mexico.

"But I don't speak English," she protested.

"That's all right," said the lawyer. "Whenever there's a pause all you have to do is to say, 'Si si!' "

When she appeared in court the whole population turned out to witness the event. There was much emotion and bowing, and the star said "Si si" very firmly on numerous occasions. Suddenly the crowd gave her a great cheer.

"Well, I guess I'm divorced," she said complacently.

"Divorced, my eye," cried her lawyers, "you've just married the judge!"

CAN'T STOP EATING

Springfield, Colo. — Although he is only ten, Herman James Mason weighs 267 pounds. Herman's usual breakfast consists of six eggs, two quarts of milk and a pound of bacon. His mother says she has tried a reducing diet but "he always gets sick and has to eat more, so he gains it right back."

DIES AIDING DAUGHTER

Ocean City, Md. — When Russell Fawn Tarr, 42, saw his 12-year-old daughter go to the aid of a little boy beyond his depth in water at the South Beach here, Tarr went to help her. Both of the children made their way back to shore safely, but Tarr died of a heart attack.

GETS BLOOD BACK

Houston, Tex. — Two days after giving a pint of blood to the hospital blood bank, John T. Brown got it back. While mowing his lawn, Brown was cut on both feet by his power mower and doctor thought he needed a transfusion. He got back his own blood.

FREE RIDES FOR DRUNKS

Tipton, Ind. — Sheriff Jesse Owen is offering free rides home to drivers who are drunk but sober enough to know they should not drive. In announcing his special taxi service, the Sheriff said he thought it would be worth the time and gasoline to get intoxicated drivers off Tipton county roads.

COPS GET MEAT FOR DINNER

Bedford, Ind. — Two cops, called to a local home to remove an animal from the front porch, went and came back, almost licking their chops. On the police blotter, they jotted: "Possum removed. Possum and sweet potatoes for dinner."

ORDER FOR ADDITIONAL AD VALOREM TAX ELECTION

HOUSE BILL 107,
51ST LEGISLATURE,
REGULAR SESSION, 1949
THE STATE OF TEXAS
COUNTY OF RANDALL

On this the 11th day of June, 1951, the Commissioners' Court of Randall County, Texas, convened in regular session at the regular meeting place thereof at the Courthouse in Canyon, Texas, with the following members of the Court present, to-wit:

Burney Slack, County Judge; P. H. Baber, Commissioner Precinct No. 1; Clarence Beckman, Commissioner Precinct No. 2; Glenn W. Dowlen, Commissioner Precinct No. 3; C. Y. Johnson, Commissioner Precinct No. 4; T. H. Lair, County Clerk; and the following absent: None, constituting a quorum, and among other proceedings passed the following order:

WHEREAS, this Court has investigated the submission to the resident property taxpaying qualified voters the question of submitting to said voters the proposition of voting additional ad valorem tax as provided by House Bill No. 107, Acts of the 51st Legislature, Regular Session, 1949, and this Court after said investigation is of the opinion that it would be beneficial to this county to call said election.

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF RANDALL COUNTY, TEXAS:

That an election be held in said County on the 25th day of August, 1951, which date is sufficient to allow the posting and publishing of notices of said election as herein provided at which election the following proposition shall be submitted to the resident property taxpaying qualified voters of said county for their action thereupon:

PROPOSITION

To determine whether or not said county shall be authorized to levy, assess, and collect ad valorem taxes upon all property within said county, except the first **$3,000.00** valuation of residential homesteads, not to exceed **30** cents on each **$100.00** valuation in addition to all other ad valorem taxes authorized by the Constitution of the State of Texas, provided the revenue therefrom shall be used for the construction and maintenance of **Farm-To-Market** and lateral roads, or for flood control, either or both, as the Commissioners' Court of said County may determine as provided in House Bill No. 107, Acts, 51st Legislature, Regular Session, 1949.

That said election shall be held at the following places in said county and the following named persons are hereby appointed Presiding Judges for said election:

Prec. No.	Voting Place	Pre. Judge
No. 1	City Hall	J. W. Shook
No. 2.	Jowell School	J. J. Levitt
No. 3.	Office-Randall County Grain & Supply Co. (Ralph Switch)	Conway Kuykendall
No. 4.	Fairview School	E. W. Schaeffer
No. 5	Granary-Donald Ladehoff farm	Lynn Bennett
No. 6	Hollywood Ser. Sta.	H. W. Burrus
No. 7	Highland School	Geo. E. Mason
No. 8.	Umbarger School	W. P. Janssen
No. 9	Alice Landergin School	W. Perry Powell

The ballots for said election shall have written or printed thereon the following:

"FOR THE TAX OF NOT EXCEEDING 30 CENTS ON EACH ONE HUNDRED DOLLAR ($100.00) VALUATION"

"AGAINST THE TAX OF NOT EXCEEDING 30 CENTS ON EACH ONE HUNDRED DOLLAR ($100.00) VALUATION"

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote. The manner of holding said election shall be governed as near as may be by the General Election Laws of the State, except as modified by the provisions of House Bill No. 107, Acts, 51st Legislature, Regular Session, 1949, and none but resident property taxpaying qualified voters of said County who have duly rendered the same for taxation shall be allowed to vote at said election.

Notice of said election shall be given by publication of a copy of this order on the same day in each of two consecutive weeks in a newspaper of general circulation published in said county, the date of the first publication to be not less than fourteen full days prior to the date set for said election. In addition thereto, a copy of this order shall be posted in each voting precinct in said County not less than fourteen full days next before said election.

The County Judge is hereby authorized and directed to cause said notice to be published and posted as hereinabove directed and further orders are reserved until the returns of said election are made by the duly authorized election officials and received by this court.

The above order being read, it was moved and seconded that same do pass. Thereupon, the question being called for, the following members of the court voted AYE: P. H. Baber, Clarence Beckman, Glenn Dowlen, C. Y. Johnson, and the following voted NO: None.

PASSED, APPROVED and ADOPTED, this the 11th day of June, 1951.

Burney Slack, County Judge, P. H. Baber, Commissioner Precinct No. 1; Clarence Beckman, Commissioner Precinct No. 2; Glenn W. Dowlen, Commissioner Precinct No. 3; C. Y. Johnson, Commissioner Precinct No. 4.

17t3

SENATE JOINT RESOLUTION NO. 8

PROPOSING AN AMENDMENT to Section 48-d of Article III of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts so as to provide that the Legislature may authorize an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred ($100.00) Dollars valuation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 48-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Sec. 48-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed **Fifty** (50c) Cents on the One Hundred ($100.00) Dollars valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1951, at which election all ballots shall have printed thereon (or in counties using voting machines, the said machines shall provide) the following:

"FOR the constitutional amendment authorizing the Legislature to provide for the levy of an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred ($100.00) Dollars valuation for the creation and establishment of rural fire prevention districts;" and

"AGAINST the constitutional amendment authorizing the Legislature to provide for the levy of an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred ($100.00) Dollars valuation for the creation and establishment of rural fire prevention districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

President Truman's visit in 1948 was by no means the first time Texas has entertained a President. Theodore Roosevelt visited our State and of course Franklin D. Roosevelt was here several times. President William Howard Taft visited Texas and he visited Mexico too—at least his right hand did. He and the president of Mexico met and shook hands in the middle of the bridge over the Rio Grande at El Paso. Afterwards, El Paso gave Mr. Taft a dinner and they still have the chair that he occupied—it's in the Chamber of Commerce office and I have seen it. It's a big chair; Mr. Taft was a big man. He weighed over 300 pounds.

Somewhere I have heard that President Harrison once crossed Texas on a train. At every stop, he was being called to the rear platform and he was just about worn out. There happened to be, on the train, a traveling salesman who looked very much like President Harrison. So the President's aide had this traveling man put on a dark suit, such as a statesman would wear, and at each stop through East Texas, this man came out on the rear platform, reached over and shook hands, smiled and said a few words. Everybody was happy—the crowds, because they had seen the President, or thought they had; the Texas traveling salesman, because he had been President for a few hours; and the real President because he got some needed rest. So everybody was happy.

Then there was the time that a President visited Wills Point. He hadn't intended to, but he did. It was back in 1909 and Mr. Taft was President. His special train was speeding eastbound from Dallas and would pass through Wills Point. A big crowd gathered though they knew the train was not scheduled to stop but they hoped that, somehow, they might get a glimpse of the President.

A railroad man standing down by the depot remarked in a casual tone, "There is one way the train would have to stop—if the signal was changed." Several young fellows overheard the remark—(probably he intended that they should)—and they edged away.

The train whistled in the distance and here it came, roaring and puffing full speed. But suddenly the semaphore, which was pointing skyward, dropped to a horizontal position. That signal not even the President of the United States could ignore—or rather his train couldn't, so the locomotive ground to a stop.

The conductor jumped down and found that the rope to which was attached the weight that controlled the semaphore had been cut. But the train couldn't start again until authority had been wired for and received from the superintendent's office in Dallas.

Meanwhile the crowd yelled for Taft and the President good humoredly came out on the rear platform, shook hands and made a short talk.

And that is how Wills Point was visited by the President of the United States.

P. S.—They never did find out who cut the rope.

NOT SO SIMPLE

A small boy was asked by his mother what he would like for a present. He said he would like more than anything else a baby sister. Just as it happened, his mother was able to oblige him.

The next year, the boy was asked again what he would like for a present. He hesitated, and then said:

"Well, Mummy, I hardly like to bother you again."

"Tell me what you would like, dear," insisted his mother.

"Well, it might be too much for you. Last year I asked for a baby sister and you gave me one. This year—well, I would like a pony, please."

HANDCUFFS SAFE MEN

Walhalla, S. C. — Answering a call for help, Police Chief J. P. Massey hurried to the scene with a wrecker truck and found two men, Caleb Justice and Ernest Sterns overcome by gas while cleaning a wall on a mountain farm near here. The 50-year-old officer had himself lowered into the well, snapped a set of handcuffs on the unconscious men, fastened himself to the victims with another pair of handcuffs and, grabbing the escape rope, had all three spun to the surface by the wrecker's windlass. Massey's quick action is credited with saving the two men.

James H. Duff, U. S. Senator from Pennsylvania: "Temporary peace may suit the present purpose of Russia as a result of the tremendous military reverses suffered by its puppets in Korea."

HOUSE JOINT RESOLUTION NO. 37

PROPOSING AN AMENDMENT to Article VII of the Constitution of the State of Texas by adding a new section after Section 11 thereof to be designated as Section 11a, providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution of the State of Texas; providing for the necessary proclamation and publication, and calling of an election therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VII of the Constitution of the State of Texas shall be amended by adding after Section 11 thereof a new section to be designated Section 11a, which shall read as follows:

"Section 11a. In addition to the bonds now enumerated in Section 11 of Article VII of the Constitution of the State of Texas, the Permanent University Fund may be invested in such other securities, including bonds, preferred stocks and common stocks, as the Board of Regents of the University of Texas may deem to be proper investment for said fund; provided, however, that not more than fifty per cent (50%) of the said fund shall be invested at any given time in stocks, nor shall more than one per cent (1%) of the said fund be invested in securities issued by any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors. This amendment shall be self-enacting."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1951, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution"; and

"AGAINST the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such Amendment shall be paid out of the proper appropriation made by law.

Wedding Date Is Revealed

Mr. and Mrs. L. M. Turner are announcing the engagement and approaching marriage of their daughter, Emmarie, to Edward L. Lehnick, son of Mrs. Leatha Lehnick of Canyon. The wedding will be in the First Baptist Church on Sunday, September 9.

Plans for the approaching nuptials were revealed at an informal tea given at the home of the bride-elect's sister, Mrs. J. D. Greason Thursday afternoon.

The tea table was laid with an orchid organdy cloth and appointed in crystal and silver. White and pink carnations formed the centerpiece and pastel scrolls tied with satin ribbon gave the wedding news with the inscription "Emmarie and Eddie—Sept. 9." Mrs. R. M. Sheppard assisted in the dining room and Mrs. Carol Love kept the guest register.

Mrs. V. D. Coltharp entertained with appropriate readings during the afternoon and refreshments served to the guests.

ADVISORY COMMITTEE MET SATURDAY TO MAKE PLANS

The Advisory Committee for the 4-H Club met Saturday, August 11, in the council room at the Courthouse to make plans for the County Summer 4-H Camp to be held at Ed Money's August 20.

The council discussed a Christmas Party and the Texas 4-H Electric Awards Program.

Those present were Doyle Bourn, Jimile Jennings, LaQuita Patterson, Betty Sue Patterson, George Dowlen, Jimmy Sikes, Ross Elliott, Cap Elliott, Naoma Bryan, Jerry Shipman, Janie Jennings, Dan Bryan, Juanell Burrus, Miss Patterson, and Mr. Brazzil.

Mr. and Mrs. Bob Glen and children, Bonnie Mozell and Nancy Geneine of Big Spring, and Mrs. E. I. Boyce of Midland, spent the week-end in the A. R. Glen and Bill Patke homes.

Week-end guests in the Olin Huff home were Mark Huff and Frank Premons of Wichita Falls, Texas.

FAIRVIEW 4-H CLUB MET WITH NAN EARYLE SHIPMAN

The Fairview 4-H Club met Thursday afternoon with Nan Earyle Shipman. Miss Lou Ella Patterson, Home Demonstration Agent, gave a demonstration on the making of cinnamon rolls.

Lime sherbet and cake were served to the following members: LaQuita and Betty Patterson, Mildred and Billie Bryan, Mary Kate Denny, Camille McNeil, Gracyne Devin, Nan Earyle Shipman, Miss Patterson and Mrs. Woodrow Wesley, sponsor.

The next meeting will be with the Patterson girls September 16.

WEDNESDAY NIGHT DINNER CLUB MET JARRETT HOME

The Wednesday Night Dinner Club met with Dr. and Mrs. R. P. Jarrett for barbecue supper in their backyard Wednesday night, August 8.

Members present were: Mr. and Mrs. Hosea Foster, Mr. and Mrs. Houston Bright, Mr. and Mrs. J. O. Parker, Mr. and Mrs. Gordon Lyons, and Mr. and Mrs. Larry Holman.

Bridge prizes for high score went to Mrs. Houston Bright and Hosea Foster.

O. E. S. ANNUAL PICNIC AUGUST 13 AT HIXSON HOME

The local Eastern Star Chapter held their annual picnic at the parental home of Miss Wilma Hixson, Worthy Matron on Monday, August 13.

Members and their families enjoyed fried chicken, sliced tomatoes, potato salad, bread and butter sandwiches, iced tea or hot coffee, and ice cream. The fellowship of the evening was appreciated by all.

SURPRISE BIRTHDAY DINNER HONORS G. B. COMBS AUG. 11

On Saturday, August 11, the daughters and their families of G. B. Combs honored him with a surprise birthday dinner. All of the daughters were there except one from Corpus Christi. Those present were Mr. and Mrs. J. M. Harte and Lynn and John of Gruver, and Mr. and Mrs. C. V. Lowe and Billie Jean of Gruver.

Mrs. Lucy Thomas of Amarillo spent Wednesday afternoon with Mrs. Bertha Rhoads.

Coffee Honors Mrs. Thomas Schriver

On Tuesday morning the home of Mrs. Clyde Warwick was the scene for a coffee given in honor of Mrs. Thomas Schriver of Nashville, Tenn., daughter of Mr. and Mrs. J. C. Humphries.

The dining table was centered with a watermelon basket filled with fresh fruits. Mrs. R. A. Neblett served the twenty guests who called.

CENTRAL H. D. CLUB MET WITH MRS. S. L. TERRY

The Central Home Demonstration Club met in the home of Mrs. S. L. Terry Friday afternoon, August 10. First Aid was studied by the group. The club is planning on a Fried Chicken Supper, August 31, with Mrs. Fred Marshall.

Refreshments were served to one visitor, Mrs. Elsie Money and members: Mesdames Win Matsler, W. L. Rice, C. L. Danner, Fred Marshall, George Barker, R. H. Long, Otto White, Velton Sorgee and P. L. Pitt.

The next meeting will be August 24 with Mrs. George Barker.

Recent visitors in the home of Miss Agnes Charlton were her nephew, Rev. Gordon T. Charlton and his family, who were enroute from Houston, Texas, to Fairbanks, Alaska. Mr. and Mrs. Charlton also visited briefly in the home of Rev. and Mrs. Henry Seaman of Plainview.

Mrs. J. W. Shanklin, former resident of Canyon, now living in Houston, left Canyon Wednesday for Albuquerque to visit her son and family, the J. Harold Shanklins. Mrs. Shanklin has been here visiting her sister, Mrs. J. A. Hill during Mrs. Hill's illness.

Mr. and Mrs. I. H. Rogers and sons, Dell and Bobbye of Stamford, Texas, visited in the home of C. F. Rogers and family Friday and Saturday.

Mr. and Mrs. Paul Lentner and daughters, Dorothy and Marjorie of Roswell, visited her mother, Mrs. Bertha Rhoads and her sister, Mrs. Levi Cole last week.

Children Will Have Theatre on in Near Future

Canyon's Summer Childrens' Theater will present its second production on the stage of the West Texas Elementary School Auditorium, Thursday, August 16, at 7:30 p. m. This unique activity, sponsored by the Canyon Recreation Council, is different from most Childrens' theaters. As in most childrens' theaters adults put on plays for children; however, in the Canyon's Childrens' Theater, the children do all the acting, build their own sets, and do all the painting and all the technical work for their productions.

This production is made up of two plays and a marionette show. The marionette show will present professor Treble Cleftski at his piano. The first play put on by the children will be an Indian play called the "White Canoe." Roe Smith plays the Indian Princess and Jim Thomas the Indian Chief. This play will have many Indian maidens and braves which will be played by the following: Allen Hanks, Bobby Haggard, Linda Phillips, Nedra Fanning, Sandra Humphrey, Glenn Reid, Eugene Abbott, Janet Reid, Margaret Lee Johnson, James Boyd, Ocoee Johnson, Jimmie Boyd, Susie Kieselbach, Linda Burgess, Leota Duffey, Mary Lynn Hurst, Carolyn Sutten.

The second production, "Once in a Hundred Years," will be played by seven young girls. These girls will play both male and female parts which can be done very easily in an oriental play such as this. The following girls will play these oriental parts: Pat, Kay and Peggy Humphrey, Norma Harvey, Francis Boyd, Jannice Marks, Marilyn Cupp. The first play is directed by Jo Dell Johnston and Jim Thomas. The second by Mrs. Weatherred and Mrs. Curb, all students at West Texas State College.

Don't forget folks, the play is at 7:30 p. m. Thursday, August 16, there will be a charge of fifteen cents and the children would love to have you come out.

Seaman Apprentice Glen Prater is home on fifteen day leave. He will report back to San Diego, from there will be transferred to San Francisco, California.

Airman Apprentice Billy Samples is home on a fifteen day leave. He will report back to San Diego, Calif., then will go to Jacksonville, Florida.

The clerks of Cooper's Market went to Tucumcari, New Mexico, to inventory the John Cooper Grocery Store.

Morris G. Cobb in Talk Tuesday at Canyon Rotary Club

Morris G. Cobb, State Representative from the 123rd District, spoke Tuesday at the weekly luncheon of the Rotary Club on the work of the 52nd Legislature. Cobb represents the six counties of Randall, Potter, Deaf Smith, Oldham, Carson and Armstrong. He was presented by Dean Walter Juniper.

Cobb stated that 549 new laws were passed by the past session, all of them upon insistence of citizens of Texas.

The legislature approved the federal constitutional amendment for limiting the term of president to two 4-year terms.

Five amendments were passed to the voters of the state for adoption or rejection. These amendments are being published this week in The Canyon News.

The veteran land bill will increase the amount of bonds that could be issued in order to buy land for war veterans; the old age assistance and aid for the blind will provide for a little more money for the unfortunate people of the state; the retirement amendment for county officials makes this possible if the people want it; investment of University of Texas oil money would be widened in order to make it possible to improve investments; the last amendment provides for an increase of a tax in case counties establish fire prevention districts.

It was impossible to review all of the benefits of the laws passed, but Mr. Cobb pointed out a few of the more important laws—drivers' responsibility law; revising the election laws; the new hot check law; setting Thanksgiving as the 4th Thursday in November; two new experimental stations for the Panhandle; the Canadian River water compact.

Visitors were: Houston Bright of Canyon; Paul J. Ayers of Borger; E. Kancher, Guy Carlander, Fred B. O'Brien, E. R. Blair, Ross Rogers, Forrest Barnes, Harry C. Beck, all of Amarillo; William Brune of Littlefield; Thurman Richardson and Howard Amick, of Panhandle.

Resolution of the City Commission of the city of Canyon, Texas, pertaining to execution of paving contract and declaration of assessment and setting of meeting to finally determine assessment against abutting property owners and the publication of notices thereon.

WHEREAS, heretofore in regular session, the City commission of the City of Canyon, Texas, has determined the need and necessity of paving streets and building curb and gutter in the City of Canyon, Texas, and accordingly called a special election for the approval of bonds for such street improvement and said notices were duly published in The Canyon News, a newspaper of general circulation in Canyon, Texas, by running the statutory notice thereon on March 23, 1951, and March 30, 1951, calling for and holding pursuant thereto a bond election on April 6, 1951. The results of said election reflected that the street improvement bond issue carried and upon a declaration thereof said bonds were issued and sold and the money derived therefor, deposited in a special account for the purpose of improving streets of Canyon, Texas, for paving in conjunction with the paving, curb and gutter of abutting property owners.

WHEREAS FURTHER, the City Commission of the City of Canyon, Texas, specifically determined the forms, the manner and type of street improvement needed and necessary and in conjunction with their consulting engineer, G. C. Hatfield of Amarillo, Texas, drafted plans and specifications thereon and sent out published public notice advertising for bids. These advertisements on bids made reference to such plans and specifications and was duly published in The Canyon News on July 19, 1951, and July 26, 1951, calling for the submission of bids to be opened August 3, 1951. The bid of Bell, Braden, Barker, & Gilvin, General Contractors of Amarillo, Texas, was accepted. The provisions of said bid were based upon a square footage and a square yardage basis, thereby affording and permitting the City Commission of the City of Canyon, Texas, to name and designate the widths of the respective streets and avenues and to make amendment thereof as may be needed and necessary. This bid and contract was further to the effect that work would commence and begin not at the time of the execution of the contract, but at a subsequent time thereto, as the City Commission of the City of Canyon, Texas, should call therefore and require. The plans and specifications of all streets and avenues to be of the same width.

WHEREAS FURTHER, it is the desire of the City Commission to execute such contract and to have a hearing for the purpose of determining the propriety of levying special assessment tax against abutting property owners for purposes of paving, curb and gutter.

NOW THEREFORE BE IT RESOLVED, by the City Commission of Canyon, Texas, that its Mayor, A. L. Walsh, be and he is hereby authorized to make and enter into a contract for the improvement of streets and avenues to be begun and commenced at such time and upon such streets as the abutting property owners may have made contract by a Mechanic's and Materialmen's Lien to pav. and upon those streets and avenues wherein the abutting property owners are required to pay their percentage and part of the total construction cost.

NOW THEREFORE BE IT FURTHER RESOLVED, that a meeting is called to be held at 7:30 o'clock, in the City Hall of Canyon, Texas, on August 31, 1951, and that notice thereof be published for three distinct times in The Canyon News, the first of which publication shall be at least ten days prior to the 31st day of August, 1951, and in such notice setting forth the statutory requirements of said notice, as provided for in Chapter 9, of Title 28, of the Revised Civil Statue of Texas.

WHEREAS FURTHER, it is the findings and determination of the City Commission that the cost of said improvements is such that the abutting property owners should be assessed the sum of $1.50 per front foot, the cost for their curb and gutter, and for $1.50 per front foot, the cost of their portion of paving of the street or avenue, and that the City Commission should levy a special assessment tax against the abutting property owners in the amount of $3.00 per front foot.

NOW THEREFORE BE IT FURTHER RESOLVED, that subject to any change or correction as may be found fitting and proper at such public meeting to be held on August 31, 1951, that the front foot assessment of $3.00 per front foot abutting the following highways and portions thereof, and being streets and avenues in the City of Canyon, in Randall County, Texas, as follows, to-wit:

First Ave.-20th to 23rd St.-	$8345.55
Second Ave.-27th to 28th St.-	2915.51
Third Ave.-26th to 27th St.-	1947.94
Sixth Ave.-24th to 26th St.-	4940.40
Seventh Ave.-25th to 27th St.	9896.50
Eighth Ave.-11th to 13th St.-	4066.58
Eighth Ave.-23rd to 25th St.-	9896.50
25th St. - 7th to 8th Ave. -	3229.41

subject likewise to change or modification at the time of said special meeting August 31, 1951; such assessment shall be payable as follows: One-fourth on completion and acceptance of such work by the City Commission of the City of Canyon, Texas, and the rest and remainder payable in three equal annual installments due in one, two and three years from the date of completion and acceptance of the work, together with interest at 8% per annum together with rights of foreclosure, reasonable attorneys' fees, and cost.

On motion made by Commissioner O. W. Parker, and seconded by Commissioner Herschel Coffee, the above and foregoing motion was unanimously adopted in regular session on August 14, 1951.

A. L. WALSH
Mayor

Then there was the mountaineer who tied a muffler on his shotgun because his daughter wanted a quiet wedding.

SEEMS SO

It seems to me that those mammoth super-markets have added every conceivable type of department but one—a loan section where the customers can borrow enough money to buy the other commodities.

ADVICE

Note to the college graduate: The world is all wet; don't burn up all your energy trying to set it on fire.

HOUSE JOINT RESOLUTION No. 2

PROPOSING AN AMENDMENT to Section 49-b, Article III, Constitution of Texas, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board is increased to One Hundred Million Dollars ($100,000,000); providing for the issuance of said bonds and certain conditions relating thereto and the use of the Veterans' Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III, Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Veterans' Land Board may issue not to exceed One Hundred Million Dollars ($100,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas, in such form, denominations, and upon the terms as are now prescribed by Senate Bill No. 29, Chapter 318 of the Acts of the Fifty-first Legislature (provided, that when the limitation of Twenty-five Million Dollars ($25,000,000) is used in said Senate Bill No. 29, the same shall hereafter be construed as One Hundred Million Dollars ($100,000,000), or as said Act may be hereafter amended, or by other laws that the Legislature may hereafter enact; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same shall be sold for not less than par value and accrued interest.

"In the sale of such bonds, a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent School Funds; such bonds to be issued as needed, in the opinion of the Veterans' Land Board.

"The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State, (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of the Veterans' Land Fund.

"The lands of the Veterans' Land Fund shall be sold by the State of Texas Veterans of the present war or wars, commonly known as World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative act, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veterans' Land Board from the sale of lands and for interest on deferred payments, shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945, as may be included within this program by legislative act, in like manner as provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period ending December 1, 1959; provided, however, that so much of such moneys as may be necessary during the period ending December 1, 1959, to pay principal of and interest on the bonds heretofore issued and on bonds hereafter issued by the Veterans' Land Board shall be set aside for that purpose. After December 1, 1959, all moneys received by the Veterans' Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall not later than the maturity date of the last maturing bonds or bonds be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All bonds issued hereunder shall, after approval by the Attorney General of Texas, registration by the Comptroller of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute obligations of the State under the Constitution of Texas. Of the total One Hundred Million Dollars ($100,000,000) of bonds herein authorized, the sum of Twenty-five Million Dollars ($25,000,000) has heretofore been issued; said bonds are hereby in all respects validated and declared to be obligations of the State of Texas. This amendment shall become effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the second Tuesday in November, 1951, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Section 49-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

16t4

HOUSE JOINT RESOLUTION NO. 22

PROPOSING AN AMENDMENT to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63, and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county; providing the Legislature shall not be authorized to make an appropriation to pay any retirement or disability benefits authorized herein; and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III; providing for the calling of an election and the publication and issuance of the proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the State of Texas, be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary and shall first be authorized by vote of the qualified voters of such county; provided further that the Legislature shall not be authorized to make an appropriation to pay any retirement or disability benefits authorized herein. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors at an election to be held throughout this State on the second Tuesday in November, 1951, and at said election the ballots shall have printed thereon the words:

"FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and

"AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees."

Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed Amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election a majority of the votes are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees" the foregoing proposed Amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

HOUSE JOINT RESOLUTION NO. 6

PROPOSING AN AMENDMENT to the Constitution of the State of Texas amending Article III, Section 51a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to residents of the State of Texas who are needy aged persons over the age of sixty-five (65) years, needy blind persons over the age of sixteen (16) years; needy children under the age of sixteen (16) years; removing the Thirty-five Million Dollars ($35,000,000) limitation upon expenditures for such purposes and providing for a limitation of Forty-two Million Dollars ($42,000,000) upon such expenditures; providing a maximum payment of Thirty Dollars ($30) per month from State funds for old age assistance; prohibiting payment of assistance after disposition of property under certain conditions; providing for the acceptance of financial aid from the Government of the United States of America for such assistance; providing that the payment of such from State funds shall never exceed the payments from Federal funds; providing for the necessary election, and providing for the form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so that the same shall hereafter read as follows:

"**Section 51a.** The Legislature shall have the power, by general laws to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application; provided that the maximum payment per month from State funds shall not be more than Thirty Dollars ($30) per month.

"**Any applicant** for or recipient of assistance, including the spouse in each instance, who shall dispose of any property after June 1, 1952, and any person who initially applies for assistance after June 1, 1957, who has disposed of any property within five (5) years prior to the date of application, shall be ineligible to receive assistance; provided, that if such property was disposed of by bona fide sale and conveyance, and for value commensurate with the actual market value thereof, such disposition shall not affect eligibility for assistance if it be shown that all proceeds from such sale have been used by such person and spouse for normal living expenses, or for the purchase of other real property of like value. If any recipient of assistance or spouse shall sell any real property, neither such recipient nor spouse shall thereafter receive assistance until all net proceeds of said sale have been expended for normal living expenses; and in case of disposition of such property by gifts or for an amount less than its actual market value, such person and spouse shall not thereafter receive assistance until the expiration of the period of time during which the net proceeds of said sale would have paid their normal living expenses had the actual market value been realized therefrom.

"(2) Needy blind persons who are over the age of sixteen (16) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application.

"(3) Needy children who are under the age of sixteen (16) years; provided that any child, if otherwise eligible, may not be excluded who has resided in the State for one (1) year immediately preceding the filing of the application for such assistance, or, if said child is under the age of one (1) year, whose parent or other relative with whom the child is living has resided in the State for one (1) year immediately preceding the birth of such child.

"**The Legislature** shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer not inconsistent with restrictions herein set forth; provided, however, that the amount of such assistance out of State funds to each person assisted shall never exceed the amount so expended out of Federal funds; and provided further that the total amount of money to be expended out of State funds for such assistance to the needy aged, needy blind and needy children shall never exceed the sum of Forty-two Million Dollars ($42,000,000) per year.

"**Should the Legislature** enact enabling laws and provide an additional appropriation hereto in anticipation of the adoption of this Amendment, such Acts shall not be invalid by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at the Election to be held throughout the State of Texas on the Second Tuesday in November, 1951, at which election there shall be printed on such ballot the following clause:

"FOR the amendment to the Constitution giving the Legislature power to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age; removing the Thirty-five Million Dollar ($35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars ($30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditure from Federal funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-two Million Dollars ($42,000,000) per year on State fund expenditures for such purpose each year.

"AGAINST the amendment to the Constitution giving the Legislature power to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age, removing the Thirty-five Million Dollar ($35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars ($30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditure from Federal Funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-two Million Dollars ($42,000,000) per year on State Fund expenditures for such purpose each year."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and Laws of the State of Texas.

Howard T. Trigg Is Qualified Surveyor

One of the most important figures in any community, especially a growing one such as ours. It is he who runs your property line before any building is erected and who ascertains exactly where the proper boundaries lie.

There is no profession which plays a more important part in the development of our country. It will be remembered that the surveyor has always played a most important role in our society. George Washington was a member and practiced as a surveyor back before the Revolutionary War.

There have been builders of structures who have found, after having finished construction, that they were encroaching on the property of their neighboring owners. Had they employed the services of a qualified surveyor they not only would have saved time, money, the trouble of litigation, but much embarrassment would have been eliminated.

Howard T. Trigg, Licensed Land Surveyor in Texas, with offices in the Johnson Building in Amarillo, enjoys an enviable reputation in this area for completeness and thoroughness in his work and it is with real assurance that a property owner can proceed with his construction after this capable engineer has completed his survey.

It is a pleasure for us to commend to our many readers Mr. Trigg knowing that any survey he assumes will be properly and promptly completed.

Senator Wayne Morse (Rep.) of Oregon, and Senator James Duff (Rep.), of Pennsylvania, are Senate leaders in the move to nominate General Eisenhower as head of the 1952 Republican ticket. Senator Morse is an original Eisenhower man.

W. T. Baker Hardware Is Aid to Farmers

From the professional mechanic, farmer, electrician, and the host of other modern trades to the high school kid building models, W. T. Baker Hardware, located in Amarillo at 413 W. 9th, is recognized as a prominent firm and has always been a leader in providing the necessary tools and other items of hardware found in ample stock.

W. T. Baker is sole owner of this store and has had wide experience in the hardware and plumbing fixture business and has used the weight of his experience to procure the best in merchandise at most reasonable prices. This store is headquarters for not only general hardware but also garden tools, wheelbarrows, electric fans, heaters and ranges, pipe and piipe fittings, plumbers supplies, motors, lawn mowers, sprinklers, vacuum cleaners, bath tubs, lavoratories, sinks and commodes, as well as a stock of hundreds of other items. Mr. Baker or his clerks will extend our readers the most courteous attention and are always glad to recommend the most suitable merchandise to meet the specific need.

Since it is the purpose of this edition to acquaint readers with the leading business interests of the community, we are glad to point to W. T. Baker Hardware at 413 W. 9th in Amarillo as a leader in contributing to the progressive and welfare of the district.

Mrs. G. G. Black's Agency Serves District Faithfully

One of the most progressive and better informed people in the insurance business in the Amarillo area is Mrs. G. G. Black who heads the agency bearing her name with offices at 608 Taylor in Amarillo who represents a number of high grade companies and are prepared to handle insurance needs in any form.

The value of insurance is recognized more each year as is shown by the ever increasing number of policies that are written. People cannot afford to be without insurance when the payment of a very small premium financial loss may be avoided.

The Black agency handles all types of insurance, including comprehensive personal liability, automobile insurance, tornado, extended coverage, workmen's compensation, public liability and bonds. Mrs. Black has built up a large and growing clientele during her years in business in this area and is recognized as an expert insurance counselor.

Fast service in the matter of adjusting claims and a full and comprehensive responsibility to their clients makes it a pleasure for us, to commend the services of this agency to our many readers.

The Answers . . .

MIXED UP

A fisherman friend of ours says he is all mixed up. When in church, all he thinks of is fishing, but when he's in the beautiful outdoors, fishing on a lovely lake or clear stream, he feels like he's in church.

Evidences of 3,500-year-old Mississippi civilization found.

Bible Verse to Study,

"Therefore speak I to thee in parables: because they seeing see not, and hearing they hear not, neither do they understand."

1. Who spake these words?
2. Where are they recorded?
3. What is a parable?
4. Who was the author of this book in the Bible?

Bible Verse Answers

1. Jesus.
2. Matthew 13:13.
3. A discourse or saying conveying meaning by comparison.
4. Matthew, the apostle, generally identified as Levi, the son of Alphaeus.

James Farley, former Postmaster General and important Democratic leader, was a bit miffed when General Eisenhower had three French generals present all during the luncheon in which Mr. Farley had hoped to talk politics. A Republican businessman, on the other hand, found the General in a mood to talk of political conditions back home.

Company F To Get Send-Off Saturday Night

A send-off to remember is being planned for the National Guard Company F when the boys go to camp August 18. For the benefit of those who love a parade, the company will march from a designated spot on 4th Avenue to the train some time between 5:30 and 6:30 p. m. The Canyon Fire Truck will lead the parade and immediately following the fire truck will be a sound truck of band music. The officers and men of Company F will be in full dress uniform and carrying arms as they march. All arrangements and details of honoring the boys with a colorful send-off are in the hands of the Canyon Chamber of Commerce. Presents will be given to the National Guard members and in order to keep them all up to date on the news of home while they're away, The Canyon News will be sent each member while he's in camp.

Although the men in the parade will represent the entire company, there are some who will not be present. These men will be the advanced personnel who have preceded the regular unit to the spot of encampment. The cooks left Canyon August 14. An advanced detachment will leave on the 16th or 17th. The motor convoy will depart August 17 leaving the main body of officers and men to follow by train August 18.

During these perilous times the National Guard, in Canyon as well as in other sections of the country, stands as a bulwark between our cherished way of life and the oppression of dictators. These boys are holding down the home front while they train in the art of war and the defense of the nation. This trip to camp will represent the approximate amount of training that the boys get in six months at home.

Mrs. T. E. Beard visited sisters, Mr. and Mrs. E. G. Low in Albany, and Mr. and Mrs. Ray W. Wilbanks of Moran, and Mr. and Mrs. R. F. Webb of Ranger over the week-end.

Charles Taylor is here from Seattle, Washington, and will go with the Randall county boys for induction in the armed forces next week. He is the son of Mr. and Mrs. Geo. I. Taylor.

Dale McDaniel of Canadian is spending the week with his grandparents, Mr. and Mrs. J. C. McDaniel.

Mr. and Mrs. Hiram Woods and children were guests Friday night at the home of Mr. and Mrs. Charles Hillier.

Visitors in the T. E. Beard home were Mr. and Mrs. Lawerence Aber and children. Mr. and Mrs. Aber also visited other friends.

Mr. and Mrs. N. E. McIntire spent Sunday visiting their daughter, Mr. and Mrs. J. P. Whittington of Amarillo.

Ralph Needham has returned to Fort Lawton, Washington, after spending a twenty-day leave.

President and Mrs. James P. Cornette returned Sunday from a vacation trip to Kentucky.

Dr. and Mrs. R. P. Jarrett and family left for vacation to California Monday morning.

Jimmie Ream of Pittsburgh, Pa., is visiting his grandmother, Mrs. Francis Terrill.

Mr. and Mrs. H. D. Roberts and family of Levelland visited in the W. E. Roberts home last week-end.

Mayor Harvey Hooten, cousin of Mr. Roberts, visited in the W. E. Roberts home Sunday.

Herschel Coffee is home from Austin where he spent ten days on business.

Miss Dorothy Elizabeth Neblett left Tuesday for Memphis to visit friends.

Red Face Result Of Mix-Up Last Week in Titles

Blushing may be a normal part of the make-up of the June bride but now blushing is in order for at least one member of the staff of the Canyon News. The big mix-up came in the two stories on the Canyon Community Recreational Program. One was the contest for the pets of children under 7. The other was the final tournament and formal close of the summer recreational program.

The reporter got mixed up because Cecil Massey is doing two jobs. He is manager of the Chamber of Commerce and director of the Canyon Community Recreational Program. In both stories the Chamber of Commerce was given credit for the work of the Canyon Community Recreational Program, which is sponsored by public subscription and donations of the people. The Chamber of Commerce and the Canyon Community Recreational Program are two different organizations. About the only thing they have in common is the fact that they're both headed by capable Cecil Massey. What an embarrassing mix-up, what a blushing reporter. Yep, there was one red face in Canyon last week that wasn't caused by the blazing sun.

Mr. and Mrs. Dan Penick and son of Clovis, New Mexico, and Mrs. Jim Penick of Eatoton, Georgia, spent one day last week in the E. C. Penick home.

Mr. and Mrs. David Hunt of Rule, Sgt. and Mrs. George Hunt of Washington, D. C., spent the week-end in the home of Dr. and Mrs. W. J. Wooten, Jr. Mrs. Wooten is a daughter of Mr. and Mrs. Hunt and a sister of George Hunt.

Mr. and Mrs. Nathan Watson, Mr. and Mrs. Kinney Myers and children, Don McAtee and Mr. and Mrs. Dwaine McAtee of Vernon spent Sunday with Mr. and Mrs. W. H. McAtee and Mr. and Mrs. C. N. Tippery and children.

Mr. and Mrs. W. H. McAtee and Mrs. C. N. Tippery and girls attended the funeral of J. I. Chandler in Carter, Oklahoma, Tuesday, the 7th of August.

Dr. and Mrs. Robert P. Jarrett and children left Monday for a vacation trip to California.

Just Between You, Me, and The Gatepost

Here we are with a new column in The Canyon News!

It seems that you cannot run a newspaper these days without publishing a column by the publisher. Most of them are so sappy that they fail to make sense.

Here in Canyon we have never believed much in columns, but since this is the style for all good, religious weeklies like The Canyon News, here goes. We do not hope to equal the column of Deck Wells over at Wellington, which never fails to win top honors in all newspaper contests.

And while we are talking about newspaper contests, I'll bet you the hole in a doughnut that you didn't know that I have been elected judge of a newspaper contest over in Arkansas!

No, the Arkansas Press Association will not pay my way over there to act as a judge, but along about the middle of August the state secretary will ship me a bunch of newspapers to judge. Recalling the rough treatment which I have received in year's past, I may get tough with those Arkansas publishers; and then again I may recall that for at least two recent years some publishers in some state of the union have given The News top honors in Texas. Yes, I may be tough, or very lenient; depending altogether upon how I feel at contest time.

Jumpin' Joe Duflot is about to retire as a member of West Texas State College faculty.

The other day a good looking fellow drifted into The News office and introduced himself as T. V. Crounse of Stephenville. He modestly stated that he would soon move to Canyon. It took some close questioning to find out that he had been in Canyon two years ago to put his name in the pot—or some place from which Dr. Cornette finally selects his faculty—and that he would take over the department to be vacated by Duflot.

Some time ago Joe was talking about his future, and wondered what he would do when he retired. Hope that he has a plan for the future by this time. He is too energetic a soul to sit around idly doing nothing.

See that we have a new Chief of Police in Canyon.

Unfortunately we cannot keep good men on the job for a long period of time. I hope that the new man will stay on the job for a long while.

While Amarillo has been taking a lot of good men from Canyon in years past, here at The News office we have picked off a couple of Amarillo men and will get a new one from Tulia come the first of September.

Charlie Hillier has returned to The News after working for a year in Amarillo. Now comes another Amarillo boy, Lawrence Hunnicutt, who has worked on KGNC and is now doing news work on this paper. Hunnicutt is taking GI training in W. T. while spending half time in reporting.

We have long felt the need of an outside man to do leg work on this newspaper. When you have some news that needs developing, just call for Hunnicutt.

Our boy from Tulia will be here to attend W. T. this fall and will work in the afternoons in the plant. Another boy was here recently and was promised a job, if he shows up. Hope he does, as we can use another good man. LeRoy Dickerson is about to quit us to start back to Canyon high. We will sure miss that fat, good natured rascal!

Guess this is enough to call a "column." Hope that we shall be able to get enough material together in the future to keep this column going—but no promises, please!

Mrs. Lester Bryan Attended Classes in Lubbock Recently

As part of their civil defense program the Randall County Home Demonstration Council sent a club woman to the class in "Home Care of the Sick," conducted by the American Red Cross in Lubbock the week of August 6-10.

Mrs. Lester Bryan of the Centerview club was the woman who took this work. She returned qualified to teach the course. Plans are being made for her to teach her first class in the fall.

Recent visitors at Rest Cottage were: Mr. and Mrs. R. V. Allen of S. M. U., Mr. and Mrs. W. H. Wingo of Sterley and their son and his family, Dr and Mrs. W. H. Wingo and children of Houston, Miss Minnie Allen of Pampa, and Mrs. Deolece Parmellee and her children, Bobby and Pam.

Wilbert Long is leading the singing in the Baptist Revival at Mountainair, New Mexico, from August 12 to August 26.

WARREN'S

"LET 'ER BUCK" hollers Ray Schoonover as he comes out on "Temporary" while practicing for the 7th Annual Boys' Ranch Rodeo, to be held Sunday, Sept. 2nd, and Labor Day, Sept. 3rd, at the Ranch.

Many cowhands will be scratchin' leather, come Sunday, Sept. 2nd and Labor Day, Sept. 3rd, the two big days of the Boys' Ranch Rodeo. Practice is in full swing for the 7th Annual show, which will be held at the Ranch, and the smell of liniment and iodine can be detected almost any hour.

The boys take their task seriously, for the Rodeo stock will be furnished by Buetler Brothers of Elk City, Oklahoma, who have promised a bunch of ornery critters. The boys plan on showing the Buetler Brothers how to ride, starting at 2:30 each day. They will be assisted by the Amarillo Range Riders, who are sponsoring the show, as they have done in the past.

Preparations have been going on for some time, and the boys have piped spring water into the 20 acre park for the benefit of those who bring their lunch, or buy sandwiches and pop on the grounds. The highway officials have promised completion of the highway from Channing, which means paved roads all the way to the Ranch via Channing.

Good entertainment, easy accessibility, comfort, plenty of cold drinks and sandwiches are in store for patrons who attend the Boys' Ranch Rodeo over the Labor Day week-end.

75,000 Local Calls Daily at Telephone Office

One of the most important links of our national nerve system is excellent telephone service. A vast amount of skill and knowledge are required to give the kind of telephone service that our modern civilization demands.

When you pick up your telephone receiver in Canyon and ask for a local number, your call is one of the approximate 75,000 locals made daily through this particular office. The long distance operators manipulte their plugs and keys somewhere in the vicinity of 350 calls per day.

The telephone company requires three tricks, or shifts, to give Canyon 24 hour telephone service. The chief operator is Mattie Foster during the day and shifting to Faye Oatis during the evening and night time hours.

The consistent comprehension and instant action of connecting the proper calls quickly and efficiently is the job of conscientious operators. Mrs. Bessie Melton, Mrs. Polly Gill, Nettie Morris and Mrs. Oscie Lou Parsons are some of the names of the operators you may know only as a pleasing voice that says, "number please."

The Canyon telephone office has an anti-room equipped as a lounge in which the operators sometimes relax during one of the regular break periods. For instance when operator Mary Montgomery, Mrs. Frances Adkins, Mrs. Dorothy Bumgarner, Mrs. Shirley Stevens, Mrs. Jerry Stallings, Mrs. Janney B. Hines or Mrs. Lucille Wall is taking her break, you're apt to find her knitting while she momentarily forgets about plugs, keys and good line connections. The lounge is a welcomed spot for a short period of relaxation.

Most people know telephone operators as a pleasant voice only, still other folks know the person as well as the voice. Mary Mae Peppard, Mrs. Thelma Baker, Clara Sue Hardaway, Louise Blewett, Mrs. Exie Laura Carrick and Elaine Fisher are some more names among the efficient staff of Canyon telephone operators.

In completing the operator's roster we find Mrs. Collen Bonnington. Mrs. Amanda E. Crow, Mrs. Ella Mae Longbine and Mrs. Gloria Smith. These Canyon operators control one of the greatest modern facilities to contact another person, whether that person be across town or across the nation. So, when you pick up the telephone receiver in Canyon, you may get the idea that you're merely in contact with a pleasant voice but that voice is only a part of a highly efficient telephone operator.

WARREN'S

GMC
GMC
GASOLINE & DIESEL TRUCKS
½ TO 20 TONS
GM
GENERAL MOTORS

A good sign to "go" by!

This shining emblem "GMC" is the sparkling sign of the fastest growing line of trucks in the land — *with sales growth unmatched this year by any other manufacturer*. The reasons for this are sound ones.

For in the chassis of a GMC you find "long-time, stay-with" stamina — truck-building that dares comparison with anything on the road today.

Under the GMC hood you find real power — the kind of *truck-built* power it takes to keep goods moving year after year. Whether it's a nimble ½- to 2-tonner with horsepower unsurpassed in its class, or the fabulous two-cycle Diesel which is outselling, outperforming every other make — *a GMC puts more "go" to the load!*

And in the cabs — drivers who work in comfort and safety. They have the look of men who know their truck will get the job done *quicker* and *better*.

You'll feel the same way when you try a GMC yourself. Come in — compare the facts, the features, the way they haul. *Listen to the savings talk.*

West Texas Gas Company

HELPING BUILD WEST TEXAS SINCE 1927

Statehouse
by HUGH WILLIAMSON

The prospects are not so good for an improvement in the traffic safety situation in Texas this year.

On the contrary, there is expected to be an increase in the rate of traffic deaths from last year's 7.9 fatalities per hundred million miles traveled to 8.5 fatalities in 1951.

The Texas Department of Public Safety figures show that 1,063 persons lost their lives in motor vehicle accidents during the first half of this year, on the basis of incomplete reports.

The complete total for the same period last year was 1,070.

When you get into property loss the figure goes high. For the first six months of this year the total was $42,070,350.

Right now, safety people are worrying about the coming four and a half months, the worst part of the year for accidents and fatalities.

That's because of a number of factors. People are returning, hot and tired, from their vacations — or they are setting out, in a hurry to get to their vacation spots.

Next month, the rainy season normally sets in, and the roads will doubtless be slick when some of the sport fans are on their way to football games.

The Labor Day week-end, Thanksgiving holidays and Christmas holidays are tough times on the roads, too.

It all adds up to the tragic fact that a lot of people are going to die, thousands of others are going to be injured, and million of dollars in damage will be caused on the highways, city streets, and country roads between now and the first of the year.

Sometimes those who work for safety get discouraged because the outlook is glum.

There are getting to be more vehicles on the roads all the time, and the more crowded the roads are, the more chance for accidents.

On many of our roads and streets, the traffic count is far greater than the thoroughfares were meant to carry.

Texas' outlay for highway construction and maintenance is tremendous, but we can't seem to keep up with the demand for more and better roads.

Of course, there has long been a demand to "get the farmers out of the mud." And more rural roads are being built all the time, but all the farmers are not out of the mud yet.

At the same time, the big traffic arteries, such as Dallas-San Antonio, are dangerously overcrowded.

More and better roads, of course, constitute one factor that will contribute to traffic safety.

But officials at the Department of Public Safety will tell you that the most important factor is right in your own community.

Junior Chambers of Commerce in many centers have put on safety programs with good results.

They preach that 60 per cent of drivers involved in traffic accidents are within 25 miles of their own homes.

Therefore, the safety people reason, if each community will make its own effort to encourage safe driving, then the state as a whole will have a better record, and many lives and much property will be saved from loss.

B. F. Block Serves Farmers Well

The old saying "There is No Substitute for Experience" is indeed true in drilling irrigation wells, setting pumps, pulling casing and doing work-over and cleanout work. B. F. Block, located at 116 Bertram in Hereford, has had wide experience in this line and many of our irrigation farmers depend upon him entirely for Turn-Key Service and respect his advice on matters pertaining to irrigation. Mr. Block's friendly attitude and above-board business policies, and the fact that he is always glad to consult with prospective customers and furnish cost estimates on the work to be done has made many friends for him throughout the Mid-Plains and Panhandle.

B. F. Block's irrigation well drilling equipment is always kept in the very best of condition and his drilling crews have had wide experience. He personally supervises all of the work which assures you of the very best and quickest of service.

Should you be contemplating drilling additional irrigation wells, or if you are a "dry farmer" and consider turning to irrigation, by all means call B. F. Block in Hereford, phone number 1466. You will find that he will go out of his way to be of assistance to you and will recommend the proper size well, depth and location also the proper pumping equipment to do the job right and "Put The Water Where You Want It."

We are glad in this review edition of our paper to point out B. F. Block, Irrigation Well Contractor of Hereford for public mention. He is performing a real service to our community and we are glad to recommend him to our many readers throughout the Panhandle and Mid-Plains.

Darrel Harkins Operates Popular Shop

A Hereford concern that is indeed worthy of mention in this review edition of The News is Darrel Harkins who is located on Highway 60 (1st door west of Sears' Elevator) and who specializes in New Irrigation Pumps, New and Used Pipe of all sizes and all types of light steel fabrication such as Cattle Guards, Branding and Loading Chutes, Truck Beds, etc. He also operates a complete shop welding service.

Our irrigation farmers will find that Darrel Harkins, because of his experience and modernly equipped shop, can efficiently rebuild any and all makes of pumps and gear heads. He will gladly make you a cost estimate on any pump repair or rebuilding and you will not only find that the work will be most satisfactory but his prices will be in line.

If you are in the market for a new irrigation pump you should consult with Mr. Harkins who manufactures pumps in his own shop that will give you the very best of service and stand up under the hard grind that is the real test of an irrigation pump. He also performs a complete Turn-Key Service and welcomes farmers in the Mid-Plains and Panhandle to bring their irrigation problems to him. You will find Darrel Harkins most friendly and he will go out of his way to be of service and accommodate you.

We take pleasure in recommending the superior irrigation pump and gear head repairing and rebuilding, the new irrigation pumps manufactured in Harkins' shop as well as the other work that he does to our many readers and to compliment him on the contribution he is making in the advancement of irrigation in our trade territory.

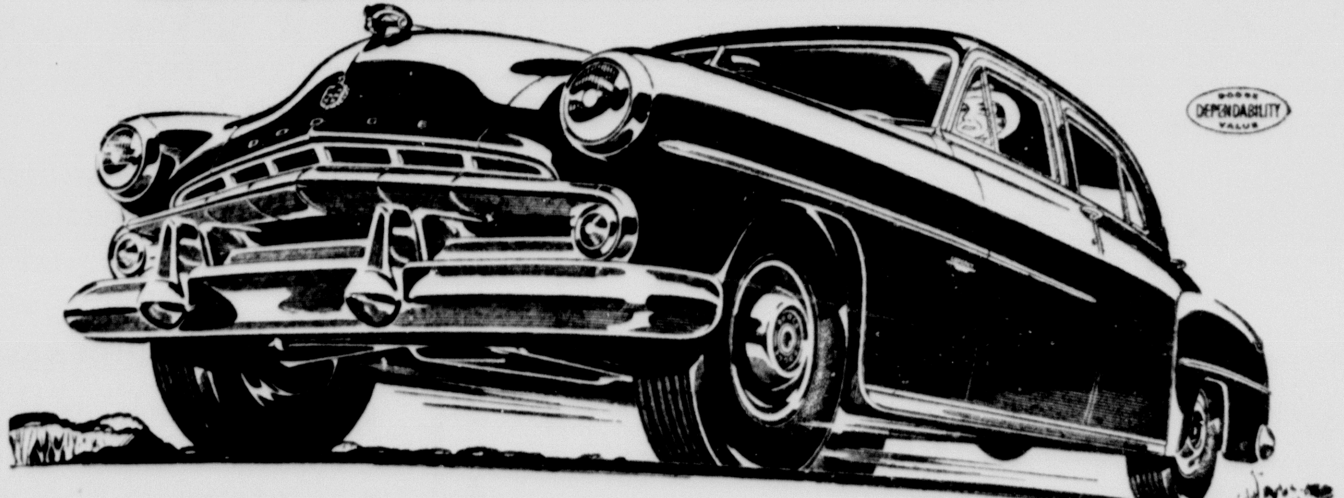
"Why Our Family owns 13 Dodge cars!"

"I was first in our large family to own a Dodge," says Frank Perrotti, Woodbridge, Conn. "But once the rest of the Perrotti family saw my Dodge, rode in it, compared it with the cars they were driving, they all began to swing over to Dodge. Today my family owns 13 Dodge cars and 11 Dodge trucks . . . and that's saying plenty for Dodge value and dependability."



Specifications and equipment subject to change without notice

You could pay up to $1,000 more and not get all the extra room, riding comfort and famous dependability of Dodge

ONCE you get a taste of Dodge roominess and comfort . . . once you see Dodge bigger dollar-for-dollar VALUE . . . your good judgment tells you that here is the car for you and *your* family!

New Riding Comfort

Today you want a car that's built to last . . . one that saves you money mile after mile. And you want *comfort*, too. You want a car that protects you from bumps and jolts—even over back roads or detours. With the new Dodge Oriflow Ride, bumpy roads, ruts and chuck holes magically melt away.

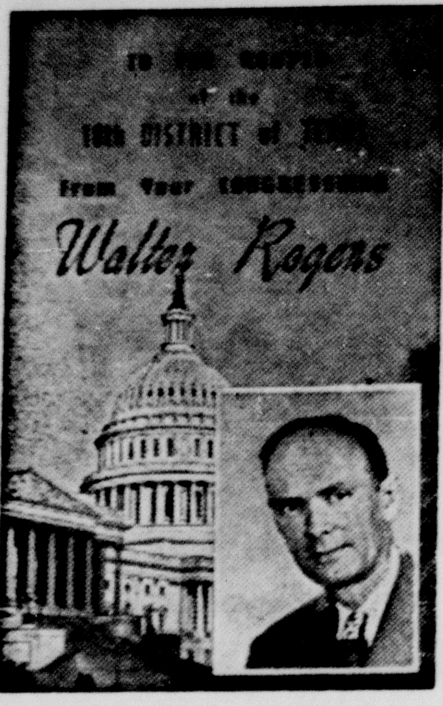
Come in and judge for yourself. See if you don't agree that you could pay up to $1,000 more for a car and still not get all the extra room, riding comfort, safety and famous dependability of Dodge.

A "MAGIC-MILE" DEMONSTRATION RIDE WILL PROVE DODGE EXTRA VALUE AND DEPENDABILITY!

Feeling Is Believing! You sit and ride in comfort in a Dodge. There's loads of elbow room, leg room, head room.

Spend Five Minutes! Let us prove you could pay up to $1,000 more and still not get everything Dodge gives you!

SAMUELSON MOTOR COMPANY
1407 Fourth Avenue Canyon, Texas



DEFENSE APPROPRIATIONS: The House of Representatives served notice on Stalin that the United States of America is ready, able and willing to spend whatever is necessary to meet the threats of Communism. It passed a record 56 billion dollar appropriation for defense purposes. This bill was steered through the House under the able leadership of Congressman George Mahon, of the Lubbock District, who is Chairman of the subcommittee on Military Appropriations. This subcommittee made an extended study of the defense needs and their findings were ably presented to the House by Congressman Mahon. One amendment to the bill will be of particular interest to inactive reservists. This amendment barred the use of funds to pay certain inactive or volunteer reservists after November 30th who have served twelve months.

EXPANSION OF AIR FORCE: Stalin was given further notice of our intentions by the bill introduced by Representative Carl Vinson of Georgia, Chairman of the Armed Services Committee. This bill calls for an expansion of the Air Force to 163 groups. Senator Lodge of Massachusetts has advocated an expansion to 150 groups. It seems to be the consensus of opinion that the Air Force should be expanded but that we will probably stop it at somewhere around 130 groups. I have continually advocated this expansion and have consulted with high Air Force officials on numerous occasions concerning it. There are a number of unused fields in our section that could be utilized for this program with a relatively small overall cost to the Government. The Panhandle furnishes excellent weather for this purpose and is looked upon favorably by the Air Force. The one great fear of Stalin is a strong Air Force in Western Europe. We can never hope to match the Russians and their satellites man for man in ground forces. Our superiority must rest in our superior weapons and our ability to use them. These superior weapons have been developed by constant and vigilant research, and in this field we are ahead of the Communist-dominated countries and we must stay ahead of them.

ROCKET TESTS: The recent tests at White Sands, New Mexico, resulted in a major step in the research program. The Viking No. 7 Rocket soared 135 miles and came down about 41 miles north of where it was launched. I was furnished with a dramatic story of this incident by a close friend of mine who is high in the Army official family. The flight of the rocket was traced by radar and the rocket was under control of ground forces at all times. Had it veered from its course or gotten out of control, it could have been exploded in the atmosphere. This flight carried our researchers 21 miles higher than the previous single stage rocket record. It attained a speed of 4100 miles an hour, more than a mile a second — a speed that would carry you to the moon in less than 60 hours. This was the seventh in a series of ten rockets scheduled to be fired. No. 8 is under construction now.

ARMY SPENDING: My office has received a number of communications concerning bulletins and editorials criticizing Army purchases. These matters have been investigated at length by Congressional committees and the Army has been called upon for explanations. Space will not permit me to include the entire statement of the Army officials on this matter, but I will try to include others in subsequent news letters. Here is the Army's answer to one of the charges: Charge: "The Army has purchased 68 million can openers since the start of the Korean campaign one year ago. There are about 1.5 million men in the Army." Army's answer: "Both of these statements are true but placed together without further explanation they give a completely false impression. This figure can be found on Page 113 of the printed testimony where it lies in the middle of a statement of Major General Feldman, The Quartermaster General, which for some reason the bulletin's editors didn't see fit to mention. His statement reads: 'This is a small expendable can opener for the use of combat soldiers in the field. One such can opener is issued with each ration in combat and is packed with the following combat rations: Assault ration, C-ration and 5-in-one ration. Since the beginning of the Korean incident a total of 68 million such can openers have been purchased at a cost of less than 2 cents each. During the same period directives have been issued by the Quartermaster General for over 73 million C-rations.' Actually, in the whole of Fiscal Year 1951 some 125 million operational rations were purchased by the Army, so even more of these expendable can openers had to be purchased. These can openers are about one inch long and one is provided to open the six food cans in each C-ration. More recently, the openers have been issued on the basis of one for every two C-rations. If each can had its own key opener, of the type used on sardine tins, the procurement costs would be greater."

Several of these can openers were displayed in the debate on the 56 billion dollar dfense appropriations bill and were passed out to Members for examination. It was pointed out that the cost of this opener plus the can to be opened is less than the cost of the can that is opened by a key, such as those used for certain processed meats and other foods daily purchased by civilians. In addition, it was argued that by using the new type can and the new opener, a substantial part of the fluid content is saved; whereas in the use of the key type can much of this fluid is lost. Regardless of the outcome of the argument, it proves that a constant sharp eye is being focused on Government expenditures.

Umbarger News

Ernest Friemel is visiting Mr. and Mrs. E. J. Friemel.

Mr. and Mrs. Math Albright and family, Mr. and Mrs. Henry Gerber and family, visited Mr. and Mrs. Leonard Gerber.

Mr and Mrs. L. L. Raef and family visited Sunday in the home of Mr. and Mrs. Charles Raef.

The Umbarger White Sox played the Umbarger boys with the boys winning 4-2.

The Umbarger hard ball team played Hart with Umbarger winning 14-2.

Coach and Mrs. Frank Kimbrough returned Saturday from a short visit in California. While there they visited Ghost Town, one of the unusual spots in Southern California.

Bob Campbell, son of Mr. and Mrs. Byron Campbell, spent several days last week visiting Bob Condron, who lives west of Dawn.

Mr. and Mrs. Virgil Henson and daughters returned Sunday from a vacation trip to New Mexico and Colorado.

Mr. and Mrs. Buck Moore are here from California to visit with relatives and friends for a week.

JOHNNY CONDRON CELEBRATES THIRD BIRTHDAY

Johnny Condron celebrated his 3rd birthday with a party on August 3rd at his home west of Dawn. Small guests played with toys and had their pictures made. Favors of small plastic cars were presented to those present. Refreshments of pink-frosted cake, ice cream, and pop were served to:

Craig, Bobby, Michael, and Debra Bellah and Mrs. Bob Bellah of Canyon; Barbara and Bonnie Sparkman and Mrs. T. L. Sparkman; Richard Campbell and Mrs. Byron Campbell; Alice Ann and Bob Caraway and Mrs. Johnny B. Caraway; Paul Rodgers and Mrs. David Rodgers; Jan and Johnny Condron and Mrs. Stuart Condron, all of Dawn. Sending gifts were Andy Moreland and Eddie Hinders of Canyon, and Tommy and Beverly Betzen of Dawn.

BOB CONDRON ENTERTAINS WITH BIRTHDAY PARTY

To celebrate his seventh birthday, Bob Condron entertained with a party on August 7th at his home west of Dawn. Guests played games and visited. After the gifts were opened, refreshments of chocolate cake, strawberry ice cream and pop were served to those present. Favors were cellophane sacks of suckers.

Guests were Jon Rodgers; Ted Wimberly; Billy Lynn Miller; Willie Lee Draper; Kenneth Miller; Bonnie, Tommy, and Barbara Sparkman; Bob Campbell; Nan Neal; Betty Hagar; Jan, Johnny, and Mikey Condron; Mrs. Byron Campbell, Mrs. T. L. Sparkman; Mrs. Gayle Neal, Mrs. Stuart Condron, and the host, Bob Condron.

THE STUART CONDRONS ENTERTAIN BRIDGE CLUB

Mr. and Mrs. Stuart Condron entertained their couple bridge club with a party at their home west of Dawn on Friday night, August 3rd. High prize went to Bob Bellah; low to LeRoy Moreland. Refreshments of chocolate cake, banana ice cream and iced tea were served to:

Members Mr. and Mrs. Clarence Eugene Thompson, Mr. and Mrs. Lewis Hinders, Mr. and Mrs. Edgar Robinson, Mr. and Mrs. LeRoy Moreland; and guests, Mr. and Mrs. Bob Bellah and Mr. and Mrs. Murphy White, and the host and hostess.

Mr. and Mrs. E. S. Trout and son, Wayne, visited in Childress from Wednesday until Friday.

Tri-State Fair Will Start in Amarillo Sept. 24

When the gates open Sept. 24 for the 39th annual Tri-State Fair, held at Fair Park just east of Amarillo, prizes and premiums amounting to $15,000 will be asking for takers; entertainment will be in store for an anticipated fair crowd of 175,000, and contests will begin for 2,000 men and women from North Texas, New Mexico and Oklahoma.

The main divisions of this year's fair include the following departments listed with the superintendents: Livestock, Art Bralley, Amarillo; agriculture and horticulture, Foster Whaley, Pampa; Hereford, W. M. Gouldy, Amarillo; county displays and 4-H club, Knox Parr, Amarillo; Aberdeen Angus, Clyde Bradford, Happy; dairy, Howard Ferguson, Amarillo; Milking Shorthorn, R. A. Brown, Amarillo; junior livestock, Hugh C. Clearman, Hereford.

Swine, John Brazzil, Canyon; the following all from Amarillo, public schools, Charles M. Rogers; Quarter Horse, E. D. Caskey; culinary, Mrs. T. H. Rodgers; rabbit, Charles O'Dell; art, Miss Maude L. Fletcher; poultry, Earl Curry; and Women's Home Demonstration Club, Miss Doris Leggitt.

Anyone who wishes to enter any of the divisions must contact the superintendent or write Fair headquarters, Box 127, Amarillo.

Build, Buy, Live in Canyon!

STATEMENT OF FACTS AND INFORMATION!

To the Qualified Electors
Of Randall County, Texas:

In 1948 the qualified electors of the State of Texas voted for a Constitutional Amendment removing the 30c State Ad Valorem tax for State Purposes and permitting Counties to vote this 30c ad valorem tax for County purposes instead.

ARTICLE: 7048a Sec. 3, reads in part as follows:

Taxes levied and collected under the provisions of this Act shall be credited by the Commissioners' Court to separate funds known as the Farm-to-Market and Lateral Roads within such County.

Through all these years the State has been assessing and collecting this tax for the State General Fund; but this Amendment makes it possible for the several counties to vote this 30c tax and keep it in the County.

The Commissioners' Court of Randall County has called a special election for Saturday, August 25, 1951, for the purpose of approving or disapproving said tax as the voters see fit.

If approved by the voters, the tax will provide a 30c levy on each $100.00 valuation except for the regular $3,000.00 Homestead exemption provided for in the Constitution and State Statute.

This WILL NOT increase your taxes over what they were last year. If voted it will simply mean you will pay the tax to Randall County instead of the State.

All money received from this tax will go to building up Randall County.

If voted, it will be of great help to your Commissioner in making better roads for you, the school buses, mail routes and everyone in the County.

Following are a few questions that will be most often asked concerning this election:

Q. Will my present taxes be increased?
A. No. The tax will be paid to Randall County instead of State.

Q. Will my Homestead be exempt?
A. Yes, up to a value of $3,000.00.

Q. What is the money to be used for?
A. To construct and maintain Lateral Farm Roads.

Q. Will the value of my property be raised
A. No, this election will not change the values.

Q. Who can vote in this election?
A. Any qualified voter who renders property for taxes.

Q. What is a qualified voter?
A. A person who paid his or her poll tax in January 1951 or is exempt from payment.

To vote in this election, the person must have rendered either personal or real property or both for valuation in 1950-51.

Respectively Submitted,

Here's All You Have to Do...

Name The Electrical Household Appliances that Have Replaced the Methods Used by Our Grandparents as Shown in the Household Scene Above.

FOR EXAMPLE: Electric Chimes have replaced the Door Knocker, Power Mower has replaced the Lawn Mower, Home Freezer has replaced the cold cellar, etc. How many more can you find?

Here are the CONTEST RULES

1. List on a separate sheet of paper the Modern Electric Appliances used to replace the methods used by our Grandparents in the above scene. Print or type your name and address on this sheet and also on the coupon to qualify. Contestant can obtain entry coupon from the General Electric dealer listed below, or may use the coupon in this advertisement.

2. Nearest correct list, with the earliest postmark shall be declared the grand prize winner. In case of a tie, the judges will select the grand prize winner on the basis of neatness. Only one grand prize will be awarded. Duplicate awards will be made in the event of ties to all other winners. The judges' decision on all awards will be final. All entries become the property of the Thompson Hdwe. Co. and none will be returned. The grand prize is a Model NB-8H General Electric Refrigerator.

3. Only one entry will be allowed per person. All entries must be sent through the mail. Everyone is eligible for prizes except G-E dealers, employees of this paper and their families.

4. Contest closes midnight Aug. 25, 1951 Entries postmarked after this date will not be considered. Winners will be notified by mail not later than August 30, 1951.

Easy, Interesting and Educational Contest Designed to Make Life Easier and More Enjoyable

West Tex Development Co. Rates High

A most dependable concern that has done much toward the development of irrigation throughout the Mid-Plains and Panhandle is West Tex Development Co., 1323 E. 1st in Hereford. Their lines are complete and include LAYNE Irrigation Pumps, which are considered most economical to operate and of sturdy construction. They have BERKLEY Pumps including Jet Type Water Systems, "CRUSADER" Deepwell Turbines, Dual-Purpose Deepwell Turbines, Horizontal Centrifugal Pumps for agriculture, industrial and domestic use.

The Service Department of West Tex Development Co. is staffed with thoroughly trained and experienced pump repairmen, they are equipped to rebuild or repair any make of pump. Taking a chance by having inexperienced pump mechanics service your pumps is an invitation to poor performance or even breakdowns at the height of the working season — so don't gamble — depend on experts and be sure the work is done right.

The Turn-Key service of this concern is complete and reliable. They drill irrigation wells using only the most reliable drilling crews. They are also dealers for AMES LOCK-SEAM PIPE — which assures bigger and better crops, conserves water and labor with furrow irrigation. This modern method, with adjustable gates assures absolute water control for all crops.

We compliment P. A. Winget and E. E. Plank of West Tex Development Co. for their aggressive organization and their friendly service. They are glad to see their old friends anytime and to make new ones and discuss your irrigation problems assisting you in any way without obligation on your part and it is for these reasons the firm rates so high in this territory.

BRIDE, 16; GROOM, 68

Marion, Ill. — George Hardin, 68, a well-to-do farmer, recently married May Sue Hayden, 16. It was Hardin's third marriage. His first wife died and his second marriage ended in divorce.

Frisch says he left Cubs because he was denied 1952 contract.

Savitt and Trabert complete Davis Cup sweep of Japanese.

Nipper Electric Co. Does Quality Work

Recognized as one of the outstanding firms in the Mid-Plains and Panhandle, Earl Nipper Electrical Co., 837 E. 1st Street in Hereford, performs a complete electrical contracting service for commercial, industrial and residential installations as well as electrical repairs.

Earl Nipper, the owner of this aggressive concern, has had wide experience in electrical contracting and meets all of the strict ethical requirements and qualifications that are requisite to the pursuit of his business. They have been responsible for many of the larger electrical installations in this territory and their policy of furnishing only skilled, experienced electricians, using highest quality material and meeting all local building code and R. E. A. requirements has made their services indespensable to many of the general contractors who know that by sub-contracting the electrical work to Nipper it will be satisfactory in every detail.

Nipper Electrical Co. also carries an extensive line of lighting fixtures and small appliances. They will gladly make a survey of your home, store or office and make recommendations as to the proper facilities that will distribute the light evenly and save eye-strain. They also make, without obligation, cost estimates on any other proposed electrical work and Mr. Nipper gladly consults with his prospective customers and gives the benefit of his experience in the electrical contracting field that often times makes for a more efficient job and may actually save you money. We compliment Earl Nipper and his entire organization on the splendid record they have made and recommend them to our many readers throughout the Mid-Plains and Panhandle.

NO SENSE

Husband — You are always wishing for what you haven't got.

Wife — Well, goodness, there's no sense in wishing for what I have got, is there?

Mao Tse-tung, China's Communist leader, cannot balk at any orders from the Kremlin directing an armistice deal in Korea. The Chinese are wholly dependent upon Russian arms to wage war.

L. S. Hatcher Heads Contracting Firm

A general building contractor who has won a splendid reputation for his ability in new construction of homes in this area is L. S. Hatcher, who heads the construction company bearing his name. His many years of experience and the fact that he uses only the very best of materials and his construction crews are thoroughly experienced has been responsible for Mr. Hatcher's success in his field.

By the most careful supervision at all times he has managed to maintain an outstanding record of efficiency which to a large degree accounts for his ability to provide the maximum of quality construction for the minimum cost.

For those contemplating the construction of a home this spring the services of the L. S. Hatcher Construction Company are to be highly sought. Mr. Hatcher will personally be glad to discuss your particular home requirements and recommend the best possible means to accomplish your desires. This service is placed at the disposal of interested parties and is given without obligation. You will find him most cooperative and he will offer many suggestions based on the knowledge he has gained by his experience that will be of benefit in the planning of your home.

We give full credit to L. S. Hatcher for the good he has accomplished in the development of our area and recommend his services to our many readers.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: HAROLD W. ENGLISH AND THE UNKNOWN HEIRS, DEVISEES, LEGATEES AND UNKNOWN LEGAL REPRESENTATIVES OF HAROLD W. ENGLISH, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of September, A. D., 1951, at or before 10 o'clock A. M., before the Honorable 47th District Court of Randall County, at the Court House in Canyon, Texas.

Said plaintiff's petition was filed on the 9th day of August, 1951.

The file number of said suit being No. 2347.

The names of the parties in said suit are: E. E. Warnick as Plaintiff, and Harold W. English and the Unknown Heirs, Devisees, Legatees and Unknown Legal Representatives of Harold W. English as Defendants.

The nature of said suit being substantially as follows, to wit:

E. E. Warnick, plaintiff, is the lawful and legal owner of Certificate of Special Assessment No. 1003, issued by the City of Amarillo, on June 19, 1951, on which the first installment of $28.33 is now past due, and therefore the balance of $141.65, together with costs, interest at the rate of 6% per annum, and attorney's fees incurred in collection of the indebtedness is now due and payable. Said certificate was declared by the City of Amarillo and the laws of the State of Texas to create a lien on property located on South Gables Street, Broadmoor Addition to the City of Amarillo, being the premises in Block "C," Lot No. 6 in said City of Amarillo. Therefore, as the sum now due and payable to said E. E. Warnick has not been paid, said E. E. Warnick now brings this suit to foreclose the lien on the property, being Lot 6, Block "C," on South Gables Street, in the Broadmoor Addition, in the City of Amarillo.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

ISSUED this the 9th day of August A. D., 1951.

Given under my hand and seal of said Court, at office in Texas, this the 9th day of August A. D., 1951.

ETHEL MULLINS, Clerk,
47th District Court, Randall County, Texas.

S. L. Cook Renders Outstanding Service

Operators of trucks and automobiles all have learned that there is certainly no substitute for experience in the repairing and servicing of motor vehicles. The "shade tree mechanic" and the inexperienced jack-of-all-trades around the filling station has neither the experience or equipment to render a good job. Many have found that it is real economy to take their wheel aligning and brake work to S. L. Cook, located at 409 W. 6th in Amarillo, who specializes in the relining, drum turning and adjusting of brakes. S. L. Cook uses Bonded Brake Lining, with no rivets and also other quality linings where rivets are used. Every job is thoroughly inspected and tested before delivery. He also specializes in wheel aligning and balancing.

S. L. Cook's shop has been completely equipped with the very latest modern equipment to render the best of service in brake work and wheel balancing and aligning. The mechanics are thoroughly trained and the work is supervised by Mr. Cook. Many of the larger companies and operators of fleets depend entirely upon the services of S. L. Cook for their work in his line, knowing that he will give them not only the very best expert service but that his charges are always reasonable.

The wise motorist has his brakes and wheel alignment checked periodically to not only prevent accidents but to lengthen the life of his car. We suggest to our readers that they go to S. L. Cook, 409 W. 6th in Amarillo, and have their car checked for faulty brakes and wheel alignment. You will be pleased with the efficient and courteous service.

Home Loan banks pay off last of debt to United States.

Truett Smith Will Move to Texas Tech On September First

Rev. Truett Smith will move to Lubbock on September 1st where he will be teacher of Bible at Texas Tech. He has been in charge of the Baptist Center near the campus of West Texas State for the past two weeks.

A new building will be erected for the Baptist Center here, with funds being pledged for that purpose at the present time. A larger Center is now under construction for Baptist student work at Tech, states Smith.

Howard Bramlett of Jacksonville will come to Canyon to assume the duties which are being relinquished by Smith when he moves.

CARD OF THANKS

We wish to express our sincere thanks to our many friends and neighbors for their thoughtfulness and kindness in our recent hour of sadness occasioned by the death of Tyson Cox.

Mr. and Mrs. G. W. Cox and family.

HERE'S A NEW ONE

He — Why are you crying, darling?

She — I can't tell you.

He — Can't tell me?

She — No—it's too expensive.

W. D. "Dub" Jones Is Reliable Well Driller

With the advancement of irrigation in this territory the need for a complete and efficient Irrigation Service has continually been on the increase and meeting this demand, W. D. "Dub" Jones, Route 3, Austin Road (1 mile southeast of Hereford,) Phone 1662 offers irrigation farmers of the district a complete Turn-Key, Well Drilling and Irrigation Pump Service. His drilling crews are thoroughly experienced and he has the most modern drilling equipment to do a good well drilling job. Dub Jones is the dealer for SMITHWAY IRRIGATION PUMPS which are known throughout the world as being most efficient and economical. He renders a complete pump-setting and repair service.

Should you be in need of one or a dozen irrigation wells Mr. Jones has the necessary "Know How" to drill them and "Put the Water Where You Want It," he will gladly consult with you on your irrigation problems and make cost estimates, installation of the proper SMITHWAY Irrigation Pump to meet your needs, or for complete Turn-Key Service. You will find his experience in irrigation work in this territory, his above-board business policies and reasonable charges will enable you to carry out your irrigation program satisfactorily.

We congratulate W. D. "Dub" Jones on the good record he has made in Irrigation Well Drilling and Turn-Key Service and for the high quality SMITHWAY Irrigation Pumps that he sells and to recommend him to our many readers throughout the Panhandle and Mid-Plains. He has contributed much to the development of irrigation in this territory and has made many friends among those whom he has served.

Jack Renfro Merits Praise

With the increased acreage each year and this area now one of the leading vegetable producing sections of the southwest, we would be blind indeed if we did not mention in this review edition of our paper Jack Renfro who is one of the leading growers, brokers and shippers of potatoes and onions in the Hereford territory.

Mr. Renfro's office is in the Wayne Evans Building, 319 N. Sampson in Hereford, where he is always glad to see his many friends throughout the district and when his advice can be of assistance to our vegetable farmers it is gladly given. He has always been most cooperative with any movement that will better agricultural conditions in the Mid-Plains and his civic mindedness and confidence in the future of the area has been a guiding force that has helped to make the area outstanding in the growing of vegetables.

A community grows and flourishes according to the number of public spirited men and women composing its population and Jack Renfro has turned his personal success to the advantage of the people as a whole and has accomplished much in making the area a better place in which to live. His magnetic personality and dynamic force have raised him to a commanding position among his neighbors, friends and business associates.

We salute Jack Renfro and offer him this small evidence of our esteem wishing for him continued success as a grower, broker and shipper.

Sawyer sees little value in a government ethics code.

Mississippi river reaches its highest level in 107 years.

"Nancy! What a grand surprise!"

An old school chum in town . . . just driving through. . .

But there's always time for a telephone call . . . and a pleasant trip back through memories of other years.

Come to think of it, lots of the pleasant moments we enjoy wouldn't be possible without the telephone.

Yet—with all its worth—the average cost of a local telephone call, including tax, is only about 2½¢.

A bargain? One of the very best.

EVERY HELLO IS A GOOD BUY

A REAL BARGAIN. The average wage earner today works *less time* to earn the price of telephone service than he did ten years ago.

Easiest driving ever!
